

Do You Need a Peer Mentor?

A peer mentor can be a great help to you both academically and personally. They are your fellow students who have many of the same responsibilities and problems as you do, have overcome obstacles, and have maintained a GPA of at least a 2.7.

A Mentor will:

- Support you in a one-on-one relationship
 - Be a listener who is encouraging
 - Share their success strategies
- Pass on skills and knowledge they've learned
- Help you work toward semester academic goals

Mentee responsibilities:

- Communicate with mentor bi-weekly in person, by phone, or through email
- Meet with mentor at least 3 hours per semester
 - Be an active TRIO member
- Be dependable and consistent with meeting time commitments

If you are interested in getting a peer mentor, please stop by B230 to fill out an application and schedule an interview.
