

Spring SSCT 2010 Tutoring Schedule-C106 (* Denotes instructor)

Last Revised: March 8, 2010

What will you find in Room C106, the college Tutoring Center?

- Most important are the faculty and student tutors and dedicated center staff members who will meet you there and assist you in meeting any learning needs you have.
- Your classroom instructors may suggest specific tutoring for you and/or practice on various technical programs designed to supplement class materials.
- Tutoring sessions are available for free. You are welcome to visit and use the resources of the Center from the first day of classes.
- Many of you already know which classes may provide challenges for you, and we encourage you to visit the Center
- Below is the ever-changing tutoring schedule. This schedule expands as more tutors in more subjects are added. Newest schedule: www.starkstate.edu/academics/files/tutlearn_Tutoring.pdf

***Please be aware that we cannot accommodate children in the tutoring room. You must arrange for child care beforehand.**
