FULL-TIME STUDENT - ADVISING NOTES

1. **ACADEMIC ADVISING** - Each student should make an appointment to see their advisor every semester before registering for classes. Please have your registration form completed, including the courses you wish to take, for this meeting.
2. **COURSE SEQUENCE** - The semester-by-semester listing below gives the normal scheduling option for full-time associate degree students who plan to finish in two years. Some courses can be scheduled as beginning courses in other semesters depending upon course availability and advisor's recommendation. Those whose preadmission test indicates the need for it should schedule Introduction to Algebra before College Algebra & Trigonometry I. Introduction to Algebra and selected technical and general studies courses are available summer term.
3. **TECHNICAL ELECTIVES** - Some programs provide for technical electives. Consult with your academic advisor to determine course availability.
4. **BACHELOR'S DEGREE** - In most of the associate degree programs, some courses may be applied toward a bachelor's degree in technology. Bachelor's degree requirements and course transferability are controlled by the institution to which the student plans to transfer. Please inform your advisor if you plan on completing a bachelor's degree after your SSCT engineering technology degree.

INTERACTIVE MEDIA TECHNOLOGY

Video Production Option

Lights, camera, action...use your imagination and bring your ideas to the big screen. Explore the wild side of video from concept to web and DVD. Camera work, digital editing and special effects are the focus of this degree. From script to screen, students will shoot, edit and master quality productions. Upon completion of the associate degree students are prepared for employment with multimedia firms creating educational, commercial or industrial videos.
