

**3357:15-4-01 Mission and Vision.**

- (A) Mission. Stark State College provides high-value, student-centered associate degrees and professional development. The College is dedicated to individual learning, transferable higher education and career success. We advance quality of life through accessibility and business and community partnerships.
  
- (B) Vision. Stark State College will be a first choice in higher education and a catalyst for economic growth.

**3357:15-4-02 Technology-Based Workforce Development.**

Stark State College will provide learning opportunities that distinguish students with technology competence and enable them to become employed and to advance in a variety of occupations.

**3357:15-4-03 Access and Opportunity.**

Stark State College will reach out to the community with open access to College services. Individual programs may establish selective admissions standards, when appropriate.

**3357:15-4-04 Student Development.**

Stark State College will assist students in identifying and achieving their educational goals and participating successfully in general, career and/or transfer programs.

**3357:15-4-05 Articulated Education.**

Stark State College will articulate educational experiences with other institutions and/or organizations in order to promote career development and enhancement for students.

**3357:15-4-06 Market-Driven Workforce Development.**

Stark State College will demonstrate agility in developing and offering educational programs for workforce development, career advancement and lifelong learning.

**3357:15-4-07 Institutional Effectiveness.**

Stark State College will practice responsible stewardship of institutional resources and assets.
