# Setting Activity Stream and email Notifications

You can set what types of activity stream and email notifications you want to receive. You can change these setting as needed.

Directions:

1. **Set Activity Stream Notifications:** Log into Blackboard. Make sure you are on the **Activity Stream** page and click the **wheel** in the upper right-hand corner.

2. Check the items that you want to see on your **Activity Stream** and then **Save**.

Stream

Notification Settings

Stream Notifications

Notifications for due dates, grades, and feedback always appear in your stream.

Also notify me in the stream about these activities:

☐ New course calendar items

☐ New messages

☐ New content added

☑ New courses available

☐ Replies to discussions

☐ My performance, activity, and action alerts

Cancel	Save

NOTE: You will not get an email for these. They will appear on your activity stream in Blackboard.

3. **Set Email Notifications:** Make sure you are on the **Activity Stream** page and click the **wheel** in the upper right-hand corner.

4. Check the items that you want *emailed to your Stark State gmail account* and then **Save**.
