Transitioning individuals through Higher Education; Mentoring to Employment

STARK STATE COLLEGE
How can THEME help me?
It’s designed to assist current college students who are eligible for services from the Bureau of Vocational Rehabilitation (BVR) or the Bureau of Services for the Visually Impaired (BSVI). Our goal is to help YOU achieve student success! Our staff will mentor you and provide you with the educational and training tools to help you achieve the success you need to gain employment following graduation.

Am I eligible?
If you have a physical disability, learning disability, mental health diagnosis and/or ADHD and are enrolled in Stark State’s disability support services, you may be eligible for some or all of THEME’s free services.

What services are available to me?
Depending upon your needs, THEME staff could provide:

- mentoring, including assistance with organizational skills and study skills
- assessment and training on adaptive equipment
- remedial reading
- short-term mental health counseling and referral
- internships, summer work experience and other work-based education
- job placement assistance following graduation
- assistance with transitioning to four-year colleges and universities and the disability services available at those institutions
