Nursing

Currently involved with the following on campus: Phi Theta Kappa Honor Society and Student Nurse Association.

I live with my mom, sister, as well as my grandparents. I enjoy helping others and laughing until my stomach hurts. I work at a popcorn shop while working toward my dream of becoming a Registered Nurse.

I would like to give back to the community as a student as much as I’m able to do so.

My goal as a Senator is to be a strong advocate for students of Stark State College and create more opportunities for student involvement.

Early Childhood Intervention Specialist

I am an active member of Phi Theta Kappa Honor Society.

I work at S.U.P.E.R. Learning Center – a school for children with special needs. My family owns the learning center and I hope to be a teacher there someday.

My main goal as a senator is to help students have a voice and learn their rights.

While holding this position I hope to accomplish offering more activities and a higher level of student involvement.

Mechanical Engineering Technology

I am a member of Institute of Electrical and Electronic Engineering, American Society of Mechanical Engineering and Phi Theta Kappa Honor Society.

Currently, I am an intern at LG Fuel Cell Systems, Inc., right here on campus next to the ATC building. This is my last semester for my Associate’s in Mechanical Engineering Technology. However, I plan on continuing taking as many courses at Stark State to transfer those credits to the University of Akron for my Bachelor’s degree.
I would like to implement my college experience, along with my internship experience, to serve as an effective medium to heighten awareness about extra-curricular activities, specifically career resources and opportunities within and around the college.

During my three years as a non-traditional student at Stark State College, it has been a recurring theme among other students that they are unaware of available resources. I would like to focus on innovative ways to get students involved with career development activities.

Psychology

Currently involved with the Psi Beta Psychology Honor Society and their food pantry.

I am a full-time students, secretary of Psi Beta and chairman of the food pantry. I also have an 11 year old step son.

It is my hope to help fellow students succeed in their college studies. I also want to promote positivity in non-traditional students.

While holding this position, I would like to help students stay motivated about their education and help get the resources they need to better themselves and our community.

Associate of Physics

Club Involvement: Math Club, Phi Theta Kappa Honor Society, Physics & Astronomy Club

I am currently a U.S. Merchant Mariner. My goal is to transfer to The Ohio State University and earn a Bachelor’s degree in aviation.

I would like to help students become more aware of the useful tools on campus (i.e. tutors, labs, writing center) and to promote student club participation.

During my time as senator, I want to help students the best I can and to gain experience and learn from a new position. I also would like to get more involved at Stark State and our community.

Joshua Maurer – Senator

Human & Social Services
Member of the Human and Social Services Club at Stark State.

Former soldier, divorced, one four-year old son.

A goal that I would like to see for the Student Government this year is to help develop a community outreach program of some sort.

Assist clubs with organizing meetings and have them become more involved with the community.

Administrative Office Professional – Business

Senator – 2014-15 academic year; Vice President – Phi Theta Kappa Honor Society.

I work as a legal assistant at a law firm. In my free time, I like to spend time with my husband, read, and participate in Relay for Life.

My main goal as a senator is to increase the amount of donations the Student Government Association is able to give to their current project of aiding the Stark County Hunger Task Force.

As a Senator at Stark State College, I want to help make the College a better place for all students and be a voice for those who are not heard.

Human & Social Services

I am an active member of the Book Club and LGBTS Global.

Currently, I work at the McDonald’s in Hudson. I serve as the Vice President for the Ohio Youth Advisory Board and am a member of the National Foster Youth and Alumni Policy Council.

I would love to achieve maintaining continuous student interaction. Also, I would like to create a connection for our satellite centers who may feel left out.

While holding this position I would love to accomplish more club interaction with all clubs on campus. I would like to see the college implement a Speaker’s Bureau and develop better networking between the faculty/staff and students.

Communication

I am currently not involved with any clubs/organizations on campus.

I enjoy following sports – especially baseball, basketball, tennis, golf and college football. I enjoy word puzzles and reading. I also have one dog.

As a Senator, I would like to get students involved in the clubs/activities that are already established. I would also like to suggest ideas for new clubs/activities.

One goal that I would like to achieve would be to become more involved with the clubs/activities on campus and encourage other students to do the same.
