Salaries included are only "entry-level" and are reported by graduates or employers willing to share that information.

SALARY NOTE:

If a salary reported is part-time, the hourly rate is projected to a full-time (40 hour) salary.

Salaries used are as of the time the graduate obtained employment and could cover an approximate 18 month period from April of the graduation year to September of the following year.

Salaries reported are gross pay and do not take into account any fringe benefits or other considerations such as working conditions, expense accounts, bonuses, etc.

Salaries of graduates remaining with their current employer but moving to another position due to their degree are included.

Included in Massage Therapy salaries are the graduates in business for themselves.

If a salary reported is part-time, the monthly rate is projected to a 20 hour work week.
