The Stark State Foundation is a non-profit 501(c)3 tax-exempt organization formed in 1986 to seek, receive and distribute funds, property and other contributions for the benefit of the students and programs of Stark State College.

The College will make every effort to retain the brick walkway in its existing location. If, however, the bricks need moved in the future, the new site will be equally as prominent and the display will be installed in the same or similar manner at no cost to the original brick purchasers. Records of all brick purchases will be maintained by the Stark State College Foundation via the Advancement Office of the College.
