

BORROWER CERTIFICATION FOR DISABILITY
2022-2023

STUDENT NAME _____ SSC STUDENT ID # _____

Please indicate your intentions for loan borrowing in the current aid year and sign on the Student Signature line

- I do not wish to borrow student loans for the 2022-2023 financial aid year.
- The United States Department of Education will allow me to borrow additional federally regulated loans to continue my education providing my physician completes the **Physician's Certification of Borrower's Disability Form** indicating my condition has substantially improved to allow me to engage in "substantial gainful activity".

I certify I have had prior student loans discharged due to Total and Permanent Disability. I understand any new federal student loan I may borrow cannot be discharged due to my current disability, unless my condition significantly deteriorates, as verified by a state-licensed physician.

I am fully aware that if I have been granted a student loan discharged due to Total and Permanent Disability within the last three years, and I am currently in the "three-year conditional discharge period", that borrowing additional student loans may void my prior discharge and that I must resume repayment immediately. I also understand that if my loan was in a default status prior to the discharge that loan will re-enter that default status and I will not be eligible for additional Title IV aid until satisfactory repayment arrangements have been made.
