- (D) Office and Clerical. This category covers positions where the primary responsibilities require the preparing, transcribing, transferring, systematizing, or preserving of written communications and records, and the operating of various office machines.
- (E) Service and Maintenance. This category covers service and maintenance positions which require specialized training in trades, crafts, and manual skills. This category also includes semi-skilled and unskilled positions which require the performance of physical effort and/or the manual skills normally learned through on-the-job or apprenticeship training.

Revised: 06/05/2017

POLICY:

The College uses an employment contract for each salaried employee in the administrative and professional, instructional, and technical/paraprofessional categories. Additionally, the College recognizes that employees expect information about them stored in personnel and payroll files to be accurate and relevant. Federal and state laws require that certain information be gathered and maintained in personnel and payroll files. Many of these records are available to the public upon request (ORC Law Section 149.43).

PROCEDURE:

(A) Salaried Personnel

- (1) A standard contract form adopted by the Board of Trustees shall be completed in duplicate annually for each salaried employee in the administrative and professional, instructional, and technical/paraprofessional categories.

Contracts issued during the fiscal year will have a pro-rated salary and non-contract days. Employees in the Administrative and Professional classification whose term of duty exceeds 240 days will have their non-contract days increased by five (5) days once the employee reaches thirteen (13) years of

service and increased an additional five (5) days once the employee reaches twenty (20) years of service.

 - (4) Subject to adequate appropriations by the Ohio Legislature, the College shall annually give written notice to the employee of his/her salary for the forthcoming year. For employees under contract, tender of the standard contract shall constitute written notice.

- (5) The employee shall notify the Business Affairs Office in writing of acceptance or non-acceptance of the salary and/or continued appointment on the form provided within 15 calendar days after receipt of the contract. Returning the signed contract to the Business Affairs Office shall constitute acceptance in writing.

Any such action by the President to void a contract shall be effective upon the President's notice to the employee. The Board of Trustees shall take a ratification vote of the President's action at the earliest time practicable following the President's action.

EMPLOYEE RESPONSIBILITIES AND DUTIES

Policy No. 3357:15-14-04

Effective: 10/15/2009

Revised: 07/21/2014

Revised: 02/22/2015

Revised: 06/05/2017

Revised: 06/05/2023

POLICY:

In order to maintain a productive, service-oriented environment within the college community, all employees are expected to meet established standards of performance and conduct. It is expected that all employees will accept appropriate responsibility assigned to them and cooperate through the timely completion of assigned work or duties as outlined within the applicable job description.

Supervisors have the right to direct, oversee, and evaluate employees in support of effective and efficient department/office/division operations. Actions that constitute breaches or flagrant violations of the standards defined in the Stark State College Policies and Procedures Manual may result in disciplinary action and/or termination of employment.

PROCEDURE:

(A) Position Descriptions and Duties

- (1) Position descriptions define the specific duties and responsibilities for positions in all occupational categories. All employees are expected to fulfill the responsibilities defined in their position descriptions.

Copies of all position descriptions shall be maintained in the Department of Human Resources. A current organizational chart of the College shall be made available on the College portal.

- (2) To promote safety and security, mitigate potential risks, and maintain the integrity of the college, we require employees to self-disclose any arrests and convictions (outside of minor misdemeanor traffic citations) during their employment to the Vice President of Human Resources or their applicable executive council member. This must be done no later than five calendar days after the arrest or conviction so the College can conduct an independent review of their continued suitability for employment.

Disclosing an arrest or conviction does not automatically impact an employee's eligibility for employment with the College. Continued employment depends on a variety of factors such as violations of College policy; the employee's past disciplinary record; and the nature and gravity of, and circumstances surrounding, the arrest or conviction, including

the employee's truthfulness and completeness in disclosing the information in a timely manner.

(B) Work Hours

The College maintains work hours that are compatible with state and federal law, departmental functions, and the maintenance of effective work schedules. A 40-hour working week is expected of full-time employees in all occupational categories.

(C) With the approval of the immediate supervisor and under work area plans, the staff may elect an alternative time of arrival to and departure from work. The flexible work schedule may be revoked to meet the needs of the department.

Staff are required to report for each scheduled working day or shift, to report on time, and to complete all scheduled hours. Prior approval is required for work hours that are fulfilled off campus at workshops or other functions or when work is being completed at home.

(D) Faculty are required to be present on the campus when they have in-person scheduled classes, office hours, appointments, committee meetings, or any other department, division, or College meetings or duties they are required to attend. Based on departmental needs and the discretion of the department chair, faculty need not be on campus at any other particular time.

(E) Call-Off Procedure for Unplanned Leave

(1) When an employee will not be at work due to emergency circumstances, leave must be requested via voice or email within a reasonable time frame. Departments have the discretion to set up specific call-off procedures to ensure proper coverage. In the instance when an employee may arrive late, the employee must inform their supervisor.

(2) The College's leave policy and procedures are outlined in the Leave and Time Off policy 3357:15-14-32 for planned leave.

(F) Scheduling Guidelines for Full-time Faculty and Department Chairs

Full-time Faculty Guidelines: Department chairs are responsible for full-time faculty scheduling, and it is the responsibility of the deans to ensure the process is fair and reasonable. Full-time faculty will have a voice in determining the process in which scheduling occurs. Furthermore, full-time faculty will be consulted regarding their course selections and

schedules. If circumstances necessitate deviation from these scheduling guidelines, such exceptions will be made in consultation with the faculty member involved. The final decision will be made by the department chair.

- (1) Credit and contact hours are considered as an average over two consecutive semesters (excluding summer).
- (2) Department chairs are not required to post their 10 office hours per week outside of their door but are required to share calendar access with all division administrative assistants to provide access for student appointments.
- (3) Efforts should be made to have full-time faculty scheduled to meet the needs of both day and evening classes.
- (4) Other scheduling considerations:
 - (a) Expertise, experience, and special interest of individual faculty members.
 - (b) Effort and difficulty in preparing for any particular course, including the number of contact and credit-hours involved, the level of technological and theoretical knowledge and/or change required, lab or equipment setup time, and the familiarity of the course to the instructor.
 - (c) Faculty should have a maximum of three course preps. A prep is considered a course, not different modalities of the same course or different sections of the same course.
 - (d) Scheduling of late-night classes followed by early-morning classes, lengthy gaps between classes, and back-to-back classes should be avoided, unless the faculty member does not object.

(G) Workload for Full-Time Faculty and Department Chairs

- (1) Faculty Workload
 - (a) A faculty member's position description defines three major areas of responsibility: teaching and teaching-related activities, professional development and scholarship, and service to the institution and the community. Faculty members are

expected to fulfill those areas of responsibility as part of contractual responsibilities.

- (b) Full-time instructional workloads for an academic semester are calculated as follows: Full-time faculty load will include 16-20 contact hours or 14-16 credit hours per semester.
- (2) Each full-time faculty member is expected to post and maintain 10 office hours per week. Office hours are scheduled based on the needs of students. Faculty members may schedule up to three office hours virtually, and the remaining seven office hours will be at a college location as approved by the supervisor. Office hours should be stated on the class syllabus and posted outside the faculty member's door. Generally, office hours should be at a time when most students are available for conferences. A schedule of these hours shall be filed with the division administrative assistants, dean, and the department chair.
- (3) Department Chair Workload
 - (a) In addition to the three major areas of responsibilities (teaching and teaching-related activities, professional development and scholarship, and service to the institution and the community), department chairs have specified administrative duties. Department chairs are expected to fulfill those areas of responsibility as part of their contract.
 - (b) Seven to ten credit hours or 10-12 contact hours for degree-granting department chairs per semester.
 - (c) Nine to twelve credit hours or 12-14 contact hours for non-degree-granting department chairs per semester.
 - (d) Each department chair is expected to maintain 10 office hours per week. Office hours are scheduled based on the needs of students. Department chairs may schedule up to three office hours virtually, and the remaining seven office hours will be at a college location as approved by the supervisor. Office hours should be stated on the class syllabus. Generally, office hours should be at a time when most students are available for conferences. A schedule of these

hours shall be filed with the division administrative assistants and the dean.

- (e) Department Chairs are required to teach one summer class as part of their contract.

(4) Overload

- (a) Qualified faculty and staff members may be employed under overload contracts if the courses they teach do not interfere with their ability to fulfill their regular contractual responsibilities.
- (b) Staff members can teach up to two sections per semester with the approval of their direct supervisor; however, hours of instruction for staff members cannot interfere with regular work hours. The employee's supervisor should not endorse an overload contract when the overload assignment will impair the employee's ability to meet regular contractual responsibilities. Faculty members shall remain cognizant of the needs of students and hold additional office hours if overload sections create demand that is unsatisfied by the standard number of office hours.
- (c) Faculty and department chairs meeting the loading requirement will be paid for the total hours of the class that gives them an overload. Once regular loading requirements are met, the next course counts as overload. For example, if a faculty member in a credit-hour department has met the credit-hour load of 14 credit hours, and an additional two-credit-hour class is added, making the total 16 credit hours, a two-credit-hour overload will be paid. If a faculty member in a contact-hour department has met the contact-hour load of 16 contact hours, and an additional three-contact-hour class is added, making the total 19 contact hours, a three-contact-hour overload will be paid. Independent study classes are included in the maximum number of credit or contact hours permitted for overload.

- (i) Faculty assigned overload classes will be assigned no more than 12 credit hours or 15 contact hours. Neither the number of credit hours nor the number of contact hours can be exceeded.
- (ii) Learning Center Coordinators and Department Coordinators who are assisting department chairs and receiving stipends, are eligible for no more than eight credit hours of overload or 10 contact hours of overload. Neither the number of credit hours nor the number of contact hours can be exceeded.
- (iii) Department chairs are eligible for no more than eight credit hours of overload or 10 contact hours of overload. Neither the number of credit hours nor the number of contact hours can be exceeded.
- (iv) Exceptions to or situations not fitting this guideline will be reviewed, prior to assignment, by the dean. Variances from this policy will be justified in writing and require approval of the Provost and Chief Academic Officer.

POLICY:

The College has established this grievance procedure to ensure fairness and consistency in employee relations and to attempt to resolve misunderstandings as quickly as possible. This grievance procedure applies to all College employees.

PROCEDURE:

- (A) Informal Resolution: As a normal and important part of our work environment, employees and supervisors are expected to discuss and resolve issues, concerns, and complaints that may arise from time to time. Employees having complaints arising from their employment shall seek informal resolution of their grievances or concerns. This informal process is intended to encourage communication between the parties involved, either directly or through an intermediary, to facilitate a mutual understanding of different perspectives regarding the disputed act or directive. Therefore, employees are required to discuss these problems with their supervisor or the appropriate member of Human Resources.
- (1) Any complaint alleging discrimination or any other violation of law shall also be reported to the Coordinator for Section 504 and Titles VII and IX Compliance.
- (a) Discriminatory harassment is defined as conduct, whether in the workplace or off-site, which has the effect of interfering with someone's work performance or which creates an intimidating, hostile, or offensive working environment based on race, color, religion, sex, gender, national origin, military status, pregnancy, disability, age, genetic information, sexual orientation, gender identity, or gender expression.
- (b) The Human Resources Generalist(s) is the College's Coordinator for Section Five and Title VII Compliance and may be contacted in the Human Resources Office; Stark State College; 6200 Frank Avenue NW; North Canton, OH 44720; phone (330) 494-6170.
- (c) The Title IX Coordinator is the appropriate person to contact regarding complaints of gender discrimination/

harassment; more information regarding the College's Title IX resources can be found on the College's website.

- (2) The employee is responsible for exploring all possibilities under the informal resolution procedure before initiating the formal grievance procedure. If the informal process does not result in resolution of the complaint to the satisfaction of the employee, the employee may utilize the formal grievance procedure for complaints that do not allege discrimination, or, if discrimination is alleged, the Formal Grievance Procedure for Complaints Concerning Discrimination.

(B) Formal Grievance Procedure for Complaints not Concerning Discrimination

- (1) Grievable issues are limited to violations, misinterpretations, and inequitable or inappropriate applications of the College's policies or procedures, as defined in the College's Policies and Procedures manual, including the degree of discipline administered.
- (2) The following issues are not grievable:
 - (a) Termination of employment
 - (b) The content of the College's published Policies and Procedures manual
 - (c) Performance Improvement Plans
 - (d) Performance Evaluations
- (3) Step 1. The grievant shall initiate the grievance procedure within 30 calendar days of the last occurrence of the incident. Grievances may not be initiated beyond 30 calendar days of the date of the last occurrence of the incident, as determined by the monitoring officer. The monitoring officer is the Senior Human Resources Generalist or a Human Resources designee, unless that individual is the subject of the complaint, in which case the Vice President of Human Resources becomes the monitoring officer.

The formal complaint must be submitted on the College's Grievance Information form and should state the facts of the complaint; the policy, procedure, or law allegedly violated; what they have done to resolve the situation informally; and the specific remedy sought. The Grievance Information form must be filed with the monitoring officer.

Only one complaint should be submitted per Grievance Information form; multiple complaints that differ substantially are treated individually and require separate Grievance Information forms. The monitoring officer has the discretion to merge grievances that are similar in nature.

- (a) The monitoring officer will initially review the grievance and seek additional (substantiating) documentation from the grievant if necessary. The monitoring officer shall forward the complaint within 5 five business days of receipt of the Grievance Information form and substantiating documentation to the Executive Council member of the grievant's division for step one resolution. If the complaint is against this Executive Council member, then the President will be notified as the employee's immediate supervisor.
- (b) The Executive Council member of the grievant's division shall, within five business days of receiving the complaint, conduct a formal conference with the grievant, permitting them to provide any information relevant to the complaint. If the complaint is against this Executive Council member, the monitoring officer will obtain a third-party mediator to assist with the grievance. The monitoring officer, grievant, and Executive Council member are the only individuals that shall be present at the conference unless a third-party external mediator is used. If the complaint arises from the conduct of another employee (the "respondent") and could result in disciplinary action for the respondent, the Executive Council member and the monitoring officer will meet with the respondent and conduct an appropriate investigation. Within five business days of the formal conference (unless an extension is agreed to by all parties), the Executive Council member will send a written recommendation

to the grievant and respondent (if any), with a copy to the monitoring officer. The recommendation will state background information, the recommendation or remedy, and the rationale.

- (c) If the outcome of step one is not satisfactory to the grievant or the respondent (if any), or if a recommendation has not been rendered within five business days of the formal conference, the grievant or the respondent may initiate step two of the grievance process.
- (4) Step 2. Step two must be initiated within 10 business days after the receipt of the step one recommendation or if no recommendation is rendered within 15 business days of the step one formal conference. Failure to initiate step two within this timeframe constitutes acceptance of the recommendation and concludes the grievance process. To initiate step two, the grievant or respondent (if any) must submit a written request to the monitoring officer stating their desire to move forward with step two of the grievance procedure.

Step 2 requires a formal hearing by the Grievance Committee. The Grievance Committee shall consist of the monitoring officer and one elected member from each occupational category as defined in the Policies and Procedures manual. Each elected member and their alternate will be selected by an electronic voting process every two years. An Executive Council member, who is appointed by the President, will serve on a case-by-case basis.

- (a) Nomination and Grievance Committee Election Process
The nomination process should provide an opportunity for those who wish to participate to do so. Self-nominations and nominations of others are acceptable. Grievance Committee elections take place every two years.

The following vacancies will require an election process:

- (i) Administrative and Professional. This category consists of two major divisions.

Administrative: Those positions where the primary responsibilities include planning, organizing, controlling, and supervising an instructional or operational area within the College.

Professional: Those positions where the primary responsibilities require the performance of varied intellectual work and a functional knowledge of advanced theoretical principles and practices in a specific professional area other than instruction.

- (ii) Instructional. This category comprises those positions where the primary responsibility is instructing students. This includes such activities as classroom and laboratory instruction, individual student performance and field-experience supervision, and student advising.
- (iii) Technical/Paraprofessional. This category includes those positions other than instruction, serving a support role where primary responsibilities include the solving of practical problems encountered in broad fields of specialization and require the use of theoretical or scientific knowledge and manual skills acquired through on-the-job or formal training.
- (iv) Office and Clerical. This category covers positions where the primary responsibilities require the preparing, transcribing, transferring, systematizing, or preserving of written communications and records, and the operating of various office machines.
- (v) Service and Maintenance. This category covers service and maintenance positions that require specialized training in trades, crafts, and manual skills. This category also includes semi-skilled and unskilled positions which require the performance of physical effort and/or the

manual skills normally learned through on-the-job or apprenticeship training

- (b) For purposes of obtaining initial staff nominations, each Executive Council member will solicit nominees from their division. For purposes of electing instructional representatives, each credit academic division dean will solicit nominees from their full-time faculty positions.
- (c) Human Resources will conduct an electronic election from the nominations in each employee category noted in Policy No. 3357:15-14-01 Employee Classification Policy. The top candidate will be selected to serve on the grievance committee, and the individual receiving the second highest number of votes will serve as an alternate. Alternates are used if a conflict of interest arises or scheduling difficulties require an alternate to meet the timelines noted in the Grievance Policy. The Human Resources Office will retain a complete list of all votes cast.
- (d) The monitoring officer will only vote in the case of a tie. The terms of the grievance committee members and their alternates, excluding the Executive Council member, will be a time period of two years. If a grievance is in progress at the conclusion of the term, the committee will remain in service until a recommendation is made to the President. The Executive Council member appointed must be from a different division than the grievant or respondent (if any). The Executive Council member will not serve as the committee chair. The chair of the committee will be selected from among the grievance committee members by mutual consent. Any concerns regarding potential conflicts of interest should be addressed to the Grievance Committee Chair or the monitoring officer.
- (e) Within 10 business days of the receipt by the monitoring officer of the request to initiate step two, the Grievance Committee Chair will set the date, time, and place of the hearing and notify all participants by written notice. The hearing itself will begin within 15 business days of the written notice.

- (f) The Chair may appoint an investigator from the Committee to conduct an investigation in preparation for the formal hearing. At least five business days prior to the start of the hearing, the grievant and respondent will provide a list of witnesses to the Chair and monitoring officer. The College will make provisions for employees to appear as witnesses without loss of pay. Witnesses shall be given written notice of the time, date, and location of the hearing.
- (g) The Grievance Committee shall call each individual (grievant, respondent, and/or witnesses) one at a time to testify, starting with those identified by the grievant and followed by those identified by the respondent. The Grievance Committee may also call any other witnesses at its discretion. Only the Grievance Committee members and the monitoring officer will be present during witness testimony. The grievant and/or the respondent may not be present during each other's testimony. The grievant and the respondent in turn shall have the right to make a statement to the Committee and to present relevant documentary evidence provided during step one. Only the Committee members are permitted to question the participants of the hearing. The grievant and the respondent (if any) may bring a third party to the hearing; notification should be given to the monitoring officer at least five business days prior that the grievant and/or respondent will have a third party present, noting their name and occupation. This person may not participate in the hearing in any way except to provide advice to the grievant or the respondent.
- (h) The Chair will preside over the meeting and assure that participants are given fair opportunity to present their positions. The chair will instruct all witnesses not to discuss the substance of their testimony prior to the completion of the hearing.
- (i) Within 10 business days after the end of the hearing, the Chair will send the Grievance Committee's findings and recommendations to the President and to the monitoring officer. Within 10 business days of receiving the findings and recommendations, the

President will review the results of the proceedings to determine if a violation of policy occurred and notify the grievant, respondent (if any), the Grievance Committee members, and the monitoring officer in writing of their decision to accept, reject, or modify the Grievance Committee’s findings and recommendations. The decision of the President will be final and binding upon all parties.

 - (c) Service and Maintenance Employees
- (7) The above non-exempt employees will be paid time and one half for all hours worked in excess of 8 hours per day and in excess of 40 hours in a week. In determining a 40-hour work week, all holidays, vacation days, sick days, or personal days that are taken during a week for which the employee earns a full day's pay will be considered as a "day worked" for the overtime provision. Overtime work is not permitted on a voluntary basis and must receive prior approval by the employee's immediate supervisor.
- (8) Non-exempt employees can elect to receive compensatory time off in lieu of overtime payment on the following basis:
- (a) Compensatory time off at 1-1/2 times the overtime hours worked can be taken by the employee during the pay period during which the overtime was worked, or in the first pay period after the pay period during which the overtime was worked unless the employee's supervisor has a legitimate business reason for requiring the employee to postpone using such compensatory time.

- (b) Status and importance are associated with the certification. This status could be demonstrated by the following qualifications or their equivalents.
 - (i) The certification qualifies the individual to practice in the professional area.

 - (iii) Two years of field experience which includes professional application of the specialized knowledge performed after completion of the bachelor's degree.

- (10) The applicant must submit documentation to ensure fulfillment of the above criteria. The Provost or the appropriate Executive Council Member will ascertain the validity of the documentation, if needed.
- (11) Compensation equivalent to the amount for the master's degree will be added to the base pay for full-time employees who have completed a major certification subsequent to employment. The adjustment will be made at the time of the annual salary increase following the completion of the certification.

(B) Retirement

- (1) All full- and part-time employees of Stark State College are

required to join the Ohio Public Employee Retirement System (OPERS) or the State Teachers Retirement System (STRS) of Ohio or the Alternate Retirement Program (if eligible). A handbook describing payroll deductions, employer contributions, and benefits is provided by the retirement system to each new member or may be obtained by writing to the appropriate retirement system.

- (2) Part-time student employees may complete a request for optional exemption as a part-time employee if desired as specified in the OPERS regulations.

(C) Tax Sheltered Annuities

- (1) All full-time and part-time employees are eligible to join the Tax Sheltered Annuity program through the College payroll deduction plan.
- (2) Deductions will be made biweekly and shall be made in a specific dollar amount.
- (3) Stark State College will issue a check/EFT to the annuity company on all scheduled payroll dates.
- (4) A salary reduction agreement can be obtained from the payroll area in the Business Office. All forms must be completed before any deductions can be withheld. A copy of all deductions will be given to the employee, and a copy of all deductions will be kept on file with the employee's payroll records. More information on how to enroll in a Tax Sheltered Annuity can be found on *mystarkstate* under Human Resources in the retirement section.
- (5) Payroll deductions will be reported on the employee's payroll check stub.
- (6) Changes of deductions can be made by the employees anytime during the year.
- (7) Each participant will be issued a quarterly statement of account by the annuity company.
- (8) The IRS limits the amount an employee can defer. The annual

deferral limit usually changes and is increased from one calendar year to the next calendar year. An employee may not defer more than the IRS limit. However, employees who become 50 during the calendar year may make additional “catch-up contributions.” These catch-up contributions are in addition to the IRS general limit.

(D) Insurance

- (1) The Board of Trustees will make available health insurance benefits for all eligible employees as defined under the Patient Protection and Affordable Care Act (PPACA).

In accordance with PPACA, the college has established standard measurement periods of January to June and July to December and continuing in such pattern thereafter for ongoing employees that are variable hour or seasonal. A standard measurement period is a designated period used to ascertain whether an ongoing employee (as opposed to a newly hired employee) who is a variable or seasonal employee is full-time and eligible for health care coverage. A newly hired variable or seasonal employee’s measurement period begins with the first date of employment and continues for the six (6) month period following the first date of employment.

- (a) The IRS has established safe harbors for employees not paid on an hourly basis. The safe harbor the College is utilizing is to count actual hours worked and hours for which the employee may be entitled to payment.
- (b) Under PPACA, employees will be credited with hours of service during a special leave of absence with their average hours worked for determining eligibility for health insurance benefits.
- (c) For breaks in the academic year that are at least four (4) consecutive weeks or greater (disregarding special unpaid leave) during which a part-time employee is not credited with a minimum number of hours of service with the College, we will utilize the average hours of

service per week for the employee during the measurement period, excluding the employment break period, and use that average as the average for each week where the part-time employee is not credited with any hours of service.

- (2) Any employee who held a position prior to December 31, 2012, which was approved as “benefit eligible” and the position’s hours are greater than 20 hours a week but less than 30 hours a week and who elects insurance coverage shall be assessed a pro-rated amount of cost of insurance provided, and the same shall be withheld by payroll deduction unless other arrangements are made with the Payroll Coordinator.
 - (a) Grandfather - Current part-time employees who are offered healthcare at a 50 percent college subsidy would continue their benefits at no change; new hires working less than 30 hours and those in non-benefit eligible positions would not receive subsidized benefits from the College effective January 1, 2013.
- (3) The following insurance benefits are offered to benefit eligible employees in accordance with the applicable insurance plan documents:
 - (a) Term Life Insurance
 - (b) Supplemental Life Insurance
 - (c) Accidental Death and Dismemberment
 - (d) Supplemental Accidental Death and Dismemberment
 - (e) Major Medical Coverage
 - (f) Dental
 - (g) Vision
 - (h) IRS Section 125 Cafeteria Plan

(D) Call-Back Pay Policy

- (1) A non-exempt employee who is called back to work (i.e., maintenance, weather, or emergency situations, etc.) at a time not previously scheduled or called back to work after a regular work schedule shall receive call-back pay as follows:
- (2) A minimum of two (2) hours pay will be granted at time and one-half the regular hourly pay rate even when the time actually spent back on the job is less than two (2) hours.
- (3) Pay for actual hours worked will be granted at time and one half the regular hourly pay rate if hours worked exceeds two (2).
- (4) Actual hours worked for call-back purposes means only time spent at the work site. Time spent in route to or from the work site is not included as time worked. The two (2) hour minimum shall not apply if the employee was called in or called back during the two (2) hour period immediately prior to the beginning of his or her next regularly scheduled work shift. It is not a call-back if the start time of the shift is different than the normal scheduled start time.
- (5) Snow removal members will receive call-back pay only if they are called back to work within twelve (12) hours of the end of its shift. If the snow crew starts their eight (8) hour shift within the twelve (12) hour call-back period, call-back pay will be cancelled.
- (6) Compensatory time off may be used in lieu of pay for call-back time worked in accordance with College overtime policies.
- (7) Exempt employees who are called back to work at a time not previously scheduled normally shall not receive compensation for time worked in call-back status. Exceptions may be authorized by the appropriate Division Vice President and the Director of Human Resources.

- (3) Employees are expected to attend course(s) during their non-working hours. The College recognizes, however, the desirability of planned individual development which may necessitate taking a course which meets during the employee's regularly scheduled working hours. When this occurs, the employee's working hours may be changed to enable the employee to register for one such course each semester, if all of the following criteria are met:
 - (a) The course is not scheduled during a normal non-working time period.
 - (b) The course is a requirement of a degree program in which the employee is officially enrolled, or the course, in the opinion of the immediate supervisor, directly contributes to the employee's skills in the work assignment.
 - (c) The employee makes arrangements satisfactory to his or her immediate supervisor regarding a work schedule for the duration of the course. The revised temporary work schedule may not duplicate the time normally allowed for rest breaks, nor include more than a half an hour of the employee's lunch period.
 - (d) The employee has the approval of the immediate supervisor or other appropriate officer.

- (4) Instructional fees cannot be used on an accumulative basis, nor can they be applied retroactively or in advance of a semester in which the benefit is approved for use. They are approved for usage in specific semesters and must be used during those semesters.
- (5) Eligible employees desiring this benefit must complete an Instructional Fee Waiver form for full-time employees that is available on *mystarkstate* and must submit it to the employee's immediate supervisor for approval. The employee will then submit the completed Instructional Fee Waiver form, documentation of dependency, and a copy of the class schedule to the Office of Human Resources no later than seven (7) calendar days after the start of classes
- (6) The Office of Human Resources will send the approved Instructional Fee Waiver form to the Business Affairs Office, who will apply it to the student's account in lieu of actual cash.

(B) Dependents of Full-Time Employees

- (1) All instructional and general fees for credit, audit, or non-credit courses offered at Stark State College will be paid by the College from income of the College budgeted for employee benefits up to an amount to include such fees as for a full-time student. When deemed appropriate, the President may extend this benefit to salaried employees whose contracts stipulate less than full-time service.
- (2) The Internal Revenue Service guidelines will be applied in determining the dependent status and relationship to the employee. Documentation proving dependent status must be submitted with the Instructional Fee Waiver form.
- (3) Dependents of all full-time employees may enroll in any section or course on a space-available basis. The student will be required to pay the processing fee along with all other incidental fees associated with the course enrolled in each semester.
- (4) Dependents of full-time employees who are eligible for tuition waivers such as College Credit Plus, various scholarships and grants, and other such non-loan programs must use those funds prior to use of the Instructional Fee Waiver benefit.
- (5) Instructional fees cannot be used on an accumulative basis, nor can they be applied retroactively or in advance of a semester in which the benefit is approved for use. They are approved for usage in specific semesters and must be used during these semesters.

- (6) Full-time employees having dependents who desire to attend the College can obtain the Instructional Fees benefit by following this procedure:

Revised: 02/22/2015

Revised: 05/29/2020

Revised: 06/05/2023

POLICY:

It is customary and reasonable to pay the necessary travel expenses of employees incurred in the performance of their college jobs. The President, with the assistance of the Vice President of Business, Finance, and Information Technology, will establish travel procedures to define allowable and unallowable expenses, rates and methods, authorization, documentation, and reimbursement. The Board will approve any changes in reimbursement rates included in the travel procedures.

PROCEDURE:

(A) Authorization for Travel

- (1) Travel refers to authorized trips taken by College employees in connection with approved business of Stark State College. Examples of these assignments include professional meetings, field trips, personnel recruitment, student recruitment, and professional development.
- (2) All in-state and out-of-state travel must have approval prior to the travel being taken. Faculty members must obtain approval from the department chair, division dean, and/or the Provost. All other employees must obtain approval from their supervisor or vice president.
- (3) The Faculty and Staff Professional Development Application must be used for prior authorization travel outside the state of Ohio.
- (4) The approving authority may authorize full or partial reimbursement of travel. The estimated expenses to be reimbursed will be established at the time the authorization is approved.

- (5) Authorization shall not exceed the expenses for the days of the convention, meeting, or business involvement plus a maximum of one day's travel each way.

(B) Meals, Lodging, and Incidentals for In-State Travel

- (1) The maximum amount of daily reimbursement for meals are set by the General Services Administration. Current rates can be found at <https://www.gsa.gov/travel/plan-book/per-diem-rates>.
- (2) Travelers authorized to travel on official College business will be reimbursed up to the amounts set by the General Services Administration for the actual costs of meals and tips for any calendar day upon which they are on travel status:
 - (a) Breakfast (Must be on authorized travel status prior to 6:00 a.m. and must remain on authorized travel status until after 9:00 a.m.)
 - (b) Lunch (Must be on authorized travel status prior to 11:00 a.m. and remain on authorized travel status after 1:00 p.m.)
 - (c) Dinner (Must be on authorized travel status prior to 5:00 p.m. and remain on authorized travel status after 8:00 p.m.)
- (3) Reimbursement for lodging shall not exceed actual, reasonable expenses of the individual. When in the state of Ohio, the traveler should inquire as to the availability of a state tax exemption due to the tax-exempt status of the College. A copy of the College's tax exemption certificate may be obtained from the Accounts Payable department.
- (4) Miscellaneous expenses, including telephone calls, may be claimed in addition to meals and lodging.
- (5) No allowance for lodging or miscellaneous expenses may be claimed (1) within Stark County, (2) within the county of residence from which the employee commutes to the College, or (3) within fifty miles of the employee's residence.

(C) Meals, Lodging, and Incidentals for Out-of-State Travel

- (1) Reimbursement for lodging, meals, and incidentals while traveling out-of-state in the United States shall not exceed the IRS approved current rates in the continental United States (CONUS Rates) for the applicable location.
- (2) Lodging expenses in excess of the IRS approved CONUS rates must be approved in advance by the appropriate supervisor and must meet the following conditions:
 - (a) The traveler is required to attend a meeting, conference, convention, or training session where the traveler is expected to have business interaction with other participants in addition to scheduled events; and it is anticipated that the maximum benefit will be achieved by authorizing the traveler to stay at the lodging facility where the meeting, conference, convention, or training session is held.
 - (b) When travel is for college business other than to attend a meeting, conference, convention, or training session, and lodging accommodations in the travel destination area are:
 - (i) Not available at or below the IRS approved CONUS rates; and
 - (ii) Less expensive overall because the savings achieved from occupying less expensive lodging at a more distant site are consumed by an increase in transportation and other costs.
- (3) Reimbursement for lodging, meals, and incidentals while traveling outside the United States shall be determined in advance and approved by the President.

(D) Conferences and Special Meals

- (1) Expenses incurred for registration fees at meetings or conferences may be reimbursed.

 - (b) The attendance of the employee at such meeting is necessary to the best interest of the College.
- (3) Registration fees may be paid directly by the College if such arrangement is agreed to by the vendor. If registration fees are paid by the employee, a receipt must be submitted to receive reimbursement.
- (4) Reimbursement to employees for meals of non-College employees will be made only if prior authorization is received from the President, Provost, appropriate vice president, or immediate supervisor.

(E) Type of Transportation

- (1) The traveler is obligated to select the most appropriate transportation available within the requirements of the trip.
- (2) Air, rail, or ground transportation will be at coach fare or the lowest available rate. Travel insurance and any add on convenience fees are excluded from reimbursement beyond the first checked bag fee, if applicable.
- (3) College funds shall not be expended to pay for unused reservations without the approval of the President or appropriate vice president.
- (4) A rental car is to be used when it is the most economical or most efficient means of transportation. When returning a rental car, the car must be refueled/recharged to the level that the car was at upon receipt. If the car is not refueled to the level that the car was at upon receipt, the employee will be responsible

for the refueling convenience fee charged by the rental company.

(5) Personal Automobile

- (a) If a one-day trip will exceed three hundred miles, the traveler should use a rental car. If you choose to drive your personal automobile, the reimbursement will be limited to the contracted rental rate plus the average fuel cost at the time of travel.
- (b) For trips less than three hundred miles, reimbursable mileage is calculated at the standard Ohio Office of Budget and Management rate in effect at the time of travel. This rate is for use of privately owned vehicles during official College business. All employees, while driving their own vehicle for official College business, are required to travel the shortest practical route and follow all applicable state laws.
- (c) Miles traveled must be detailed by destination using the College as the point of departure and return. The residential home must be used as the point of departure and return if the distance is less than using the College as the point of departure and return if the trip originates from home.
- (d) The stated mileage rates are intended to cover all automobile operating costs, including maintenance, fuel, recharging cost of electric vehicles, and insurance. No employees may be reimbursed for expenses on the mileage basis unless they carry motor vehicle liability insurance.
- (e) For employees who must report to the main campus, leave for an assignment at a satellite campus, and must return to the main campus, mileage will be reimbursed for a round trip to the

satellite campus using the College as the point of departure and return.

- (f) For employees who must report to a satellite campus for the beginning or end of their work day (traveling to/from home) and must also report to the main campus, mileage will be reimbursed for a round trip to the satellite campus using the College as the point of departure or return, unless the distance between their home and the satellite campus is less than the distance between the College and the satellite campus. In that case, mileage will be reimbursed for the distance from the employee's home to the satellite campus and from the satellite campus to the College.
- (g) Employees who are not required to report to the main campus but have assignments at a satellite campus will not be eligible for travel reimbursement.

(6) Transportation Expenses

- (a) Reimbursement may be claimed for parking charges; ferry and taxi fares; and bridge, highway, and tunnel tolls.
- (b) Any other out-of-pocket expenses, such as road service and towing charges directly chargeable to the operation of a College-owned vehicle incurred while traveling in such vehicle, may be reimbursed subject to approval of the Vice President of Business, Finance, and Information Technology.

- (7) A receipt is required for each item of expense greater than one dollar, except ferry and taxi fares and bridge, highway, and tunnel tolls if receipts are not available.

(F) Reimbursement

- (1) Advance payment for personal expenses and travel, except for preregistration and transportation reservations when payment is

required, is not allowed in accordance with rulings of the State Auditor's Office.

- (2) Reimbursement is made only if the trip received proper authorization and certification. Otherwise, the traveler is liable for all expenses incurred.
- (3) The "Report of Business Expense" form must be completed for reporting trip expenditures for all travel and must be accompanied by receipts.
- (4) The "Report of Business Expense" form must be submitted to the Business and Finance office within sixty days after the expenses were incurred unless approved by the Vice President of Business, Finance, and Information Technology or the President.
- (5) A written report of information gathered as a result of approved travel may be required by the supervisor, department chair, Provost, or Vice President of Business, Finance, and Information Technology.
- (6) If the traveler is accompanied by a family member or friend, the maximum reimbursement for lodging remains the same with the traveler paying the difference between a single rate and the rate for a couple. The traveler must furnish proof of the rate schedule.
- (7) If a faculty or staff member chooses to provide his/her own transportation, instead of traveling with a group, he/she will do so at his/her own expense.
- (8) Tips may be included in the meal allowances but reimbursement will not exceed the stated rates. Meal tips are the only allowable tip and may not exceed 20% of the food purchased. Tips are not reimbursable for services such as transportation, baggage handling, etc. Itemized receipts for meals must accompany the reimbursement form. Credit card statements do not constitute receipts.
- (9) No reimbursement will be made for alcoholic beverages.

(G) Frequent flyer and other affinity programs

In accordance with Ohio Ethics Commission advisory opinion No. 91-010, college employees are prohibited from accepting, soliciting, or using the authority or influence of their position to receive discounted or free "frequent flyer" airline tickets for personal travel if the ticket or benefits were obtained through the purchase of airline tickets for use on official college travel. Any rebates or commissions earned based on college business and paid to a college employee offered by any source, including but not limited to credit card issuers, can only be applied to college-approved travel. Such restrictions shall not apply to the extent the traveler used personal funds for the cost of the airfare.

Policy No. 3357:15-14-12 Revised: 02/22/2015
Page 1 of 5 Revised: 01/31/2018

POLICY:

The College considers the use of any illegal drug or controlled substance and the abuse of alcohol and legal (prescription or over-the-counter) drugs, collectively referred to herein as “substance abuse,” to be a very serious matter that cannot be tolerated in the workplace. Substance abuse poses health and safety hazards to employees and to the community at large. Because the College is a responsible source and participant with the Federal Government in many programs and activities, substance abuse by College employees jeopardizes Federal Government funding in light of the Federal Government’s increasing efforts to combat substance abuse. Therefore, it shall be the policy of the College to prohibit substance abuse and to maintain a drug-free workplace.

All employees are notified that the manufacture, distribution, dispensing, possession, use, or being under the influence of any drug, synthetic substance, or controlled substance, or alcohol, is prohibited on all College property and in any other location where employees are conducting College business. The use of legal drugs, taken in accordance with a doctor’s orders, is not subject to this policy, except as provided below, and is permitted on the job so long as it does not impair the employee’s ability to perform any essential function of the job effectively and in a safe manner that does not endanger other individuals in the workplace. Likewise, the moderate, i.e., so as not to become intoxicated, and legal consumption of alcohol at officially sanctioned on-campus social functions in which College employees might participate is not subject to this policy. The use and possession of marijuana is prohibited under College policy and a crime under federal law. This prohibition applies even when the possession and use would be legal under the laws of the state of Ohio. Employees with written recommendations for medical marijuana are not permitted to use marijuana on campus, in the conduct of College business, or as related to any College activity. The College will refer to the Corrective Action and Discipline Procedure (policy 3357:15-14-18) for appropriate disciplinary interventions.

All Stark State College employees are expected to abide by the terms of the College Substance Abuse Policy. The College will refer to the Corrective Action and Discipline Procedure (policy 3357:15-14-18) for appropriate disciplinary interventions. An employee found in violation of this policy shall be subject to a variety of sanctions and penalties. Such penalties and sanctions may include but are not limited to referral for counseling, written or oral reprimands, suspensions with or without pay, or termination in accordance with the established rights of the employee, including the right to due process.

- (1) Take appropriate personnel action against such an employee subject to established disciplinary procedures, up to and including termination, in accordance with requirements of due process, or
 - (2) Require such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.

- (C) Confidentiality: To the extent possible, all information received in connection with the filing, investigation, and resolution of complaints will be treated as confidential except to the extent it is necessary to disclose particulars in the course of the investigation or when compelled to do so by law. All individuals involved in the process should observe the same standard of discretion and respect for the reputation of everyone involved in the process.
- (D) Retaliation: Stark State College will not tolerate retaliation in any form against any protected party who files a complaint, serves as a witness, and assists one who files a complaint or participates in an investigation of discrimination or harassment. College policy and state and federal law prohibit retaliation against an individual for reporting discrimination or harassment or for participating in an investigation.

The types of retaliation that are prohibited include, but are not limited to:

- (1) Intimidation;
- (2) Adverse actions with respect to the reporter's work assignments, salary, vacation, and other terms of employment;
- (3) Unlawful discrimination;
- (4) Termination of employment;
- (5) Adverse actions against a relative of the reporter who is a College employee or student; and
- (6) Threats of any of the above.

Retaliation is a serious violation that can subject the offender to sanctions independent of the merits of the allegation. Complaints of retaliation should be directed to the Human Resources Department. Note that an adverse personnel, academic, or other disciplinary action against an employee or student whose conduct or performance warrants such action for reasons unrelated to the reporting of a concern will not be deemed a violation of this policy.

(E) Penalties for Harassment or Retaliation

- (1) Any breaches of this policy, including falsified allegations discovered during the investigation, are considered serious and will result in discipline up to and including termination according to the Stark State College Corrective Action and Discipline Procedure.
- (2) In accordance with Title IX, in instances where a student has breached this policy, sanctions imposed on the harasser may include, but are not limited to, a reprimand, suspension, or dismissal from the College. In the event that a record of such sanctions will become a part of the harasser's student record, prior notice will be given to the harasser. Both parties will be informed, in writing, of the corrective measures taken.
- (3) Employees who participated in or acquiesced to violations of this policy may also face discipline according to the Stark State College Discipline Procedure where:
 - (a) Their action or inaction contributed to the development of the environment that led to the offending conduct.
 - (b) They failed to take appropriate action in response to receiving a complaint or witnessing an incidence of harassment or retaliation.
 - (c) Such a finding may also affect the employee's present or future assignment.

(F) Your Right to Complain to Government Agencies: In addition to using the above complaint procedure to report and resolve their complaints of harassment or retaliation, protected parties may also file a complaint with the appropriate local, state, or federal enforcement agency in addition to the Stark State College Human Resources Department or Title IX Coordinator.

POLICY:

The College has a responsibility to manage, reduce or eliminate any actual or potential conflicts of interest that may be presented by a financial interest of a director (or investigator) of a grant-funded project. In order to comply with College policy, the Strategic Grants Office is to utilize the Conflicts of Interest (Grants) Disclosure Form.

PROCEDURE:

- (A) Each investigator is required to disclose all significant financial interests that might present actual or potential conflict of interest in relationship to certain externally funded projects.
- (B) Investigators are required to provide financial disclosures prior to the time a proposal is submitted to a funding agency and those disclosures must be updated, if necessary, during the grant period.
- (C) The Strategic Grants Development Officer will determine whether a conflict of interest exists and outline a procedure for the management, reduction or elimination of the conflict of interest.
- (D) In situations where the project director/investigator has violated College policy and/or the terms of an agreement reached to resolve the conflict of interest, the College will refer to the Corrective Action and Discipline Procedure (policy 3357:15-14-18) for appropriate disciplinary interventions.
- (E) Where a conflict of interest cannot be resolved to the satisfaction of the institution this investigator cannot be used for the grant.
- (F) The Strategic Grants Development Officer is responsible for maintaining records of financial disclosures and actions taken to resolve conflicts of interest.

SEXUAL MISCONDUCT

Policy No. 3357:15-14-15

Page 1 of 5

Effective: 10/15/2009

Revised: 02/22/2015

Revised: 05/29/2020

Revised: 08/13/2020

POLICY:

Stark State College desires to establish and maintain a safe and secure environment for our employees and students, free of sexual misconduct and sex discrimination based on gender, gender identity, or sexual orientation. The College will not tolerate sexual misconduct of any kind. Sexual misconduct is socially irresponsible and violates the rights of other individuals. Sexual misconduct has the potential of threatening an individual's academic performance, economic livelihood, career advancement, psychological, and total well-being and is prohibited by this policy. This policy is also applicable to all third parties affiliated with the College. Third parties are neither employees nor students and can include, but are not limited to, consultants, vendors, contractors, etc. Sexual misconduct is a serious offense which could lead to dismissal and/or termination from the College and criminal charges being filed with the local law enforcement authority having jurisdiction.

(A) Definitions

- (1) Sexual Misconduct – Any unwelcome behavior of a sexual nature that is committed without consent. Sexual misconduct can occur between persons of the same or different sex.
- (2) Non-Consensual Sexual Contact – Any intentional sexual touching and any other intentional bodily contact in a sexual manner, however slight, with any object, by a man or a woman upon another person that is without consent.
- (3) Incapacitation – A state in which a person cannot make rational decisions because they lack the capacity to give consent. Incapacitation may result from a mental or physical disability, unconsciousness, or from the taking of alcohol or other drugs. Sexual misconduct occurs when a person engages in sexual activity when they knew, or should have known, that the other person was incapacitated.
- (4) Consent – A freely and affirmatively communicated willingness to participate in sexual activity, expressed by clear, unambiguous

words or actions. It is the responsibility of the initiator of the sexual activity to ensure that he or she has the other person's consent to engage in sexual activity, throughout the entire sexual activity, by all parties involved. At any time, a participant can communicate that he or she no longer consents to continuing the activity. Consent may never be obtained through the use of force, coercion, or intimidation or if the victim is mentally or physically incapacitated, including through the use of drugs or alcohol. Consent cannot be assumed based on the existence of a previous dating or sexual relationship. The initiator's use of alcohol or drugs does not diminish his/her responsibility to obtain consent.

- (5) Force – The use of physical violence, threat of physical violence, and/or imposing on someone physically to gain sexual access.
- (6) Rape – Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- (7) Coercion – Unreasonable, intimidating, or forcible pressure for sexual activity.
- (8) Sexual Assault – Includes non-consensual vaginal penetration by a penis, object, tongue, or finger; anal penetration by a penis, object, tongue, or finger; and oral copulation (mouth to genital contact), no matter how slight the penetration or contact.
- (9) Sexual Exploitation – Occurs when someone takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to the benefit or advantage of anyone other than the person being exploited.
- (10) Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

- (11) Domestic Violence – A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

- (12) Intimate Partner Violence/Dating Violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and/or the frequency of interaction between the persons involved in the relationship.

- (13) Sexual Harassment – Conduct on the basis of sex that satisfies one or more of the following:
 - (a) An employee of the College conditioning the provision of aid, benefit, or service of the College on an individual’s participation in unwelcome sexual conduct;
 - (b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient’s education program or activity; or
 - (c) “Sexual assault,” “dating violence,” “domestic violence,” or “stalking” as those terms are defined under other federal laws called the Clery Act and the Violence Against Women Act.

Forms of sexual harassment include:

- (a) Quid Pro Quo (aka – “this for that”) – The abuse of power and/or authority. Such behavior is especially harmful in situations where the imposition of unwanted sexual attention is accompanied by an explicit or implied promise

of employment, academic success, preferential treatment, the threat of reprisal, or a negative consequence for refusal to engage in behavior of a sexual nature. Sexual harassment may occur without employment, academic, or economic injury to the victim.

- (b) Hostile Work Environment – Includes any unwelcome, and severe or pervasive action of a sexual nature which unreasonably interferes with job performance or learning ability and creates an intimidating, or offensive work, academic or athletic environment, even if it leads to no tangible or economic consequences. A single instance of harassment may be sufficient to create a hostile work environment.

(B) Reporting Responsibilities for Sexual Misconduct

- (1) Anyone who believes that an administrator, supervisor, employee, faculty member, student, or non-employee's behavior constitutes discrimination or harassment has a responsibility to report the behavior/action as soon as it is known, but no later than 180 days of the occurrence, so that the College may administer this policy.
- (2) In cases of alleged sexual misconduct where the victim or alleged perpetrator is a student, a potential student, an employee, or a campus visitor the complaint may be made to any of the following:
 - (a) Title IX Coordinator
 - (b) Campus Security
 - (c) Any College employee
 - (d) Student Support Counselor – Confidential Source
 - (e) Interfaith Campus Ministry – Confidential Source
 - (f) A Law Enforcement Officer from the local jurisdiction
- (3) Any person designated to receive complaints under this policy who has direct or constructive knowledge of alleged discriminatory or harassing behavior is a mandatory reporter and must take immediate appropriate action to report the behavior to the Title IX Coordinator. Failure to do so shall result in

disciplinary action, up to and including termination of employment.

(C) Reporting to an outside agency

Persons who believe that they have been subject to sexual misconduct may also file a complaint with the local law enforcement agency, the Ohio Civil Rights Commission, the U.S. Equal Employment Opportunity Commission, or the U.S. Department of Education's Office for Civil Rights. Information and assistance regarding filing charges with any of the agencies may be obtained from the agency directly or from the College's Title IX Coordinator.

(D) Confidentiality

To the extent possible, all information received in connection with the reporting, investigation, and resolution of allegations of sexual misconduct will be treated as confidential, except to the extent it is necessary to disclose information in order to investigate the allegation, take steps to stop, prevent or address the misconduct, resolve the complaint, or when compelled to do so by law. All individuals involved in the process should observe the same standard of discretion and respect for the reputation of everyone involved in the process.

(E) Retaliation

College policy and federal, state, and local law strictly prohibit retaliation in any form against any employee, faculty member, student, vendor, customer, or other person participating in a college program or activity who complains or reports an allegation, or who participates in an investigation of sexual misconduct.

PROCEDURE:

A complete copy of the investigation procedures involving sexual misconduct can be obtained from the Title IX Office in S104 or on the college's Title IX website page.

BLOODBORNE PATHOGENS

Policy No. 3357:15-14-16

Page 1 of 8

Effective: 10/15/2009

Revised: 01/18/2014

Revised: 02/22/2015

Revised: 06/05/2017

Revised: 06/05/2023

POLICY:

Stark State College promotes the rights of persons with communicable diseases to education and employment, while providing a safe and healthy environment for the College's students and employees. The College will make all reasonable accommodations to persons infected with Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), and Human Immunodeficiency Virus (HIV) and to employ, continue to employ, and/or enroll persons so infected. As appropriate, faculty and staff will be provided training and/or information regarding bloodborne pathogens, standard precautions, and work practice controls.

The College affords a broad range of academic opportunities in diverse healthcare fields. Instruction in some healthcare fields may require communicable disease precautions against exposure to blood or body fluid, as individuals participating in some program training activities may have a risk of exposure to blood or other potentially infectious materials.

Action will be guided by the most recent medical evidence, the federal regulations of the Rehabilitation Act, state law, guidelines from the Centers for Disease Control and Prevention (CDC), the Public Health Services, the American College Health Association, the Occupational Safety and Health Administration (OSHA), and the State of Ohio Department of Health.

The College will not routinely screen all members of the College community for communicable diseases unless and until required to do so by law because communicable diseases may have different modes of transmission and should be evaluated on an individual basis.

The Federal Rehabilitation Act of 1973 prohibits discrimination against qualified individuals by employers and those who provide services with the assistance of federal funding. Under federal law, the College, as an employer and a provider of educational services, must make reasonable accommodations for handicapped individuals, including those with communicable diseases.

The College maintains standards of confidentiality regarding medical information about students or employees that are protected by the Family Educational Rights and Privacy Act of 1974 (FERPA). The Act requires that no specific or detailed information

concerning symptoms or diagnoses be provided to staff, administrators, or family members without the express written permission of the student/employee. Only individuals at the College with a legitimate need to know will have knowledge of the existence of students and/or employees with communicable diseases.

PROCEDURE:

- (A) The College will be flexible in its response to incidents of disease at the College, evaluating each occurrence in light of all applicable federal, state, and local laws, its general policy, and the latest information available. A Case Review Committee consisting of a health practitioner, the dean of the appropriate division (in cases involving students), and the Director of Human Resources will be available to meet to consider reported occurrences of bloodborne pathogens.

- (B) Occupational Exposure Control Plan

The purpose of the occupational exposure control plan is to protect the health and safety of the persons directly involved in handling the materials, Stark State College personnel, and the general public by ensuring the safe handling, storage, use, processing, and disposal of infectious medical waste.

Each program or department having a greater than minimal risk of bloodborne pathogens exposure must establish its own occupational exposure control plan that would be specific to the procedures, materials, and equipment utilized. If a program or department determines that a minimal risk of bloodborne pathogens exposure is present, the following standard precautions must be taken:

Hand Hygiene:

1. During the delivery of health care or laboratory practice, avoid unnecessary touching of surfaces in close proximity to the patient to prevent both contamination of clean hands from environmental surfaces and transmission of pathogens from contaminated hands to surfaces.
2. When hands are visibly dirty, contaminated with proteinaceous material, or visibly soiled with blood or body fluids, wash hands with either a non-antimicrobial or an antimicrobial soap and water.
3. If hands are not visibly soiled, decontaminate hands as follows:
 - a. Before having direct contact with patients
 - b. After contact with blood, body fluids or excretions, mucous membranes, non-intact skin, or wound dressings
 - c. After contact with a patient's intact skin (e.g. when taking a pulse or blood pressure)
 - d. If hands are likely to move from a contaminated body site to a clean body site during patient care
 - e. After contact with inanimate objects (including medical equipment) in the immediate vicinity of the patient
 - f. After removing gloves

Note: An alcohol-based hand rub is the preferred method of decontamination.

Gloves:

1. Wear gloves when it can be reasonably anticipated that contact with blood or other potentially infectious materials, mucous membranes, non-intact skin, or potentially contaminated intact skin (e.g. stool or urine) could occur.
2. Wear gloves with fit and durability appropriate to the task.
 - a. Wear disposable medical examination gloves for providing direct patient care.
 - b. Wear disposable medical examination gloves or reusable utility gloves for cleaning the environment or medical equipment.
 - i. Utility gloves may be decontaminated for reuse if their integrity is not compromised; discard utility gloves if they show signs of cracking, peeling, tearing, puncturing, or deterioration.
 - c. Remove gloves after contact with a patient and/or surrounding environment (including medical equipment) using a proper technique to prevent hand contamination. Do not wear the same pair of gloves for the care of more than one patient. Do not wash gloves for the purpose of reuse since this practice has been associated with the transmission of pathogens.
 - d. Change gloves during patient care if the hands are likely to move from a contaminated body site to a clean body site.
 - e. Replace gloves if torn, punctured, or contaminated, or if their ability to function as a barrier is compromised.

Gowns and Eye Protection:

1. Gowns, aprons, or lab coats must be worn when splashes of body fluid on skin or clothing are possible.
2. Masks, goggles, or face shields are required when contact of mucosal membranes (eyes, mouth, or nose) with body fluids is likely to occur (e.g. splashes or aerosolization).

Safe Injection Practices:

1. Use an aseptic technique to avoid contamination of sterile injection equipment.
2. Needles, cannulae, and syringes are sterile, single-use items; they should not be reused.
3. Do not recap, bend, break, or hand manipulate used needles; if recapping is required, use a one-handed scoop technique only; use safety features where available; place used sharps in a puncture-resistant container.

Other Considerations:

1. Resuscitation equipment, pocket masks, resuscitation bags, or other ventilation equipment must be provided to eliminate the need for direct mouth-to-mouth contact. (This statement is required for groups where resuscitation is a part of their program training.)
2. All pipetting must be carried out with the aid of a rubber bulb or other vacuum assist device. Mouth pipetting is strictly forbidden.

(C) Waste Disposal Plan

1. Medical/Infectious waste must be segregated from other waste at the point of origin.
2. Medical/Infectious waste, except for sharps (e.g. razor blades, broken glass, needles, etc.) capable of puncturing or cutting, must be contained in double, disposable, red bags conspicuously labeled with the words "INFECTIOUS WASTE – BIOHAZARD."
3. Infectious sharps must be contained for disposal in leak-proof, rigid, puncture-resistant containers.

Always keep these sharps safety guidelines in mind:

- Avoid direct contact with sharps as much as possible.
- Remember that needle sticks are the most common source of infection.
- Always wear gloves when handling sharps.
- Never use your hands to sweep up broken glass.
- Use tongs or other devices – not your hands – when retrieving reusable sharps.
- Be careful of sharps that may be hidden in patients' laundry or linen.
- Know and observe all procedures for proper storage and disposal of sharps.
- Always report immediately any incident involving potential exposure to bloodborne pathogens.
- If exposed to sharps, get medical evaluation quickly.

4. Infectious waste thus contained as described in procedures (2) and (3) above must be placed in reusable or disposable leak-proof bins or barrels which must be conspicuously labeled with the words "INFECTIOUS WASTE – BIO HAZARD." These waste barrels are to be picked up regularly by an outside company licensed to handle infectious wastes.
5. Mixed waste that includes biological/infectious waste and radioactive waste must be disinfected by a person trained in radioisotope safety and waste disposal procedures.
6. A solution of sodium hypochlorite (household bleach) diluted 1:9 with water must be used to disinfect, following initial cleanup of a spill, with a chemical germicide approved as a hospital disinfectant. Spills must be cleaned up immediately.
7. After removing gloves, and/or after contact with body fluids, hands and other skin surfaces must be washed thoroughly and immediately with soap or other disinfectant in warm or cold running water.
8. Other biological wastes that do not contain radioactive or hazardous substances may be disinfected by heat and/or steam sterilization (autoclave) and then disposed of in the regular trash.
9. Liquid biohazard waste may be disposed of in the sewage system following chemical decontamination.

10. Reusable glassware must be decontaminated with sodium hypochlorite (household bleach) solution (1:9) prior to rinsing and acid washing. Then the glassware must be sterilized in an autoclave.

Applicable supervisors must ensure that their staff is trained in proper work practices about the concept of universal precautions, about personal protective equipment, and in proper cleanup and disposal techniques.

(D) Training Plan

Pertinent students and employees will participate in a training program at no cost, during educational/work hours, and with materials appropriate to the literacy, education, and language of the employee.

The training will include:

- A copy of the standard for each employee and an explanation of the content.
- A general explanation of bloodborne pathogens and how they are transmitted.
- Explanation and access to the Exposure Control Plan including the location of incident report form(s).
- Explanation of the departmental policies on Personal Protective Equipment.
- An awareness of tasks that may involve exposure and how to avoid or minimize it.
- All pertinent Hepatitis B training.
- How to handle emergencies involving exposure.
- Explanation on biohazard labels.

(E) Post-Exposure Plan

When a student or employee is potentially exposed to bloodborne pathogens, immediate first aid care and prompt follow up by a medical professional should occur. Remember: Risk of infection is low when precautions are taken and appropriate medical follow up is obtained.

1. Stay Calm – Act Quickly.
2. Notify an instructor/supervisor immediately.
3. Immediately initiate first aid treatment.
 - Puncture Wound (sharp contaminated object, needle-stick, bite with bloody saliva)
 - a. Wash area thoroughly for 2-3 minutes with an antibacterial soap – do not squeeze area to cause to bleed.
 - b. Proceed to step 4.

- Splash exposure (body fluids splashed into the eyes, nose, mouth)
 - a. Flush area with clear water for 10 minutes.
 - b. Wash the area with antibacterial soap (where applicable).
 - c. Proceed to step 4.
 - Splash exposure (contact of blood with chapped, abraded, or otherwise non-intact skin)
 - a. Wash area thoroughly for 2-3 minutes with antibacterial soap.
 - b. Proceed to step 4.
4. The instructor or appropriate personnel will discuss the incident with the source individual and request his/her cooperation in being tested for Hepatitis B, Hepatitis C, and HIV. Source individuals willing to cooperate will be referred to Cleveland Clinic Mercy Hospital's Work, Health, and Safety Services or another medical facility of his/her choice where they will be treated appropriately.
 5. The exposed individual will complete the program - or department - specific Exposure Incident Report Form and SSC Incident Report Form as soon as practical - preferably before leaving campus. The forms should be submitted to the Program Coordinator or Department Chair and Campus Security for follow-up.
 6. The exposed individual should report to the treatment facility as soon as possible after the incident. If the source individual is known to be at high risk, the student and/or employee might be referred to the Cleveland Clinic Mercy Hospital Emergency Room or another medical facility of his/her choice for same day treatment.

SPECIAL NOTES:

Each program or department with a reasonable risk of bloodborne pathogens exposure will be responsible for developing program-specific procedures as determined in the program handbook. The SSC Incident Report Form can be obtained from the Security Office.

Refusal of medical follow up

If any student and/or employee with a possible exposure refuses to follow the protocol when procedures are medically indicated, no adverse action can be taken on that ground alone since the procedures are designed for the benefit of the exposed individual.

(F) Procedures for Evaluating the Circumstances Surrounding an Exposure Incident

1. The Program Coordinator, and/or Department Chair, and/or department supervisor will review the circumstances of all exposure incidents to determine:
 - a. engineering controls in use at the time
 - b. work practices followed
 - c. a description of the device being used (including type and brand)
 - d. protective equipment or clothing that was used at the time of the exposure incident (gloves, eye shields, etc.)
 - e. location of the incident
 - f. procedure being performed when the incident occurred
 - g. student/employee training
2. If revisions to the Exposure Control Plan are necessary, the Program Coordinator, Department Chair, and/or department supervisor will ensure that appropriate changes are made. (Changes may include an evaluation of safer devices, adding employees to the exposure determination list, etc.)

(G) DEFINITIONS

BIOLOGICAL HAZARD - The term biological hazard or biohazard is taken to mean any viable infectious agent (etiologic agent) that presents a risk, or a potential risk, to the well-being of humans. Each supervisor has identified the specific biological hazard associated with a job, and the supervisor will arrange for training, if necessary.

BLOOD AND BODY FLUIDS – These are defined as blood, semen, vaginal secretions, cerebrospinal fluid, synovial fluid, pleural fluid, pericardial fluid, peritoneal fluids, amniotic fluid, saliva, other body fluids containing visual blood, human tissue or organs other than intact skin, HIV-containing cell or tissue cultures, organ cultures; HIV, HBV, or HCV, containing culture medium or other solutions; and blood, organs, or other tissues from experimental animals infected with HIV, HBV, or HCV.

BLOODBORNE PATHOGENS – These are defined as microorganisms present in blood and able to cause disease in humans; these include but are not limited to HBV and HIV.

CONTAMINATED – This is defined as the presence or reasonably anticipated presence of blood or potentially infectious body fluid on laundry items or sharps or glassware.

ENGINEERING CONTROLS – These are defined as sharp disposable containers, self-sheathing needles that isolate or remove the bloodborne pathogens hazard.

ETIOLOGIC AGENTS - The United States Department of Health and Human Services, Public Health Service, Classification of Etiologic Agents on the Basis of Hazard is the classification system used at Stark State College for etiologic agents.

MEDICAL WASTES/INFECTIOUS WASTES – This is defined as all laboratory waste emanating from human or animal tissues, blood, or blood products or fluids; all cultures of tissues or cells of human origin or cultures of etiologic agents; specimens of human or animal parts or tissues removed by surgery, autopsy, or necropsy.

OCCUPATIONAL EXPOSURE – This is defined as reasonably anticipated skin, eye, mucous membrane, or parenteral contact that may result from the performance of an employee's duty. Parenteral means piercing the skin barrier through cuts, human bites, abrasions.

PERSONAL PROTECTIVE EQUIPMENT – This includes gloves, gowns, laboratory coats, face shields, eye protection, masks, and other devices.

POTENTIALLY INFECTIOUS MATERIALS – These are defined as the following human body fluids: semen, vaginal secretions, cerebrospinal, synovial, pericardial, pleural, peritoneal, amniotic, saliva in dental procedures, and any other body fluid in situations where it is impossible to distinguish between fluids; any unfixed tissue or organ from a dead or living human; HIV-containing cell or tissue cultures, organ cultures; and HIV- or HBV-containing culture medium.

REGULATED WASTE – This is defined as infectious waste. Any item soiled with blood or other body fluids such as sharps, clothing, and glassware. This waste must be treated as Infectious Waste.

UNIVERSAL PRECAUTIONS – This refers to a system of infectious disease control that assumes that every direct contact with body fluids is infectious and requires every employee exposed to be protected as though such body fluids were infected with bloodborne pathogens. All infectious/medical material must be handled according to Universal Precautions.

WORK PRACTICE CONTROLS – These are defined as measures that reduce likelihood of exposure, such as adherence to the practice of universal procedures, prohibiting recapping of needles or other sharps, and prohibiting pipetting or suctioning by mouth.

CONCEALED WEAPONS

Policy No. 3357:15-14-17

Page 1 of 1

Effective: 10/15/2009

Revised: 02/22/2015

POLICY:

Except as provided in paragraph 1 below, the use, possession or carrying of a firearm or other weapon on property owned or leased by the College, by any person other than a College Security officer or qualified law enforcement officer as defined in Section 2901.01(A)(11) of the Ohio Revised Code, is prohibited and in violation of State Law.

PROCEDURE:

- (A) Pursuant to Ohio Revised Code Section 2923.26(B)(5), any person licensed to carry a concealed handgun may have a handgun on property owned or leased by the College ONLY if it is in a locked motor vehicle or the licensee is in the immediate process of placing the handgun in a locked motor vehicle.
- (B) Students enrolled in the Stark State Police Officer Basic Training Program may possess UNLOADED firearms on campus when specifically directed to do so for training purposes. Weapons must be removed from campus immediately upon conclusion of the training session for which a weapon was required.
- (C) Any employee or student found to be in violation of this policy may be ordered to remove the weapon from the premises immediately, and will be subject to discipline up to and including termination for employees or dismissal for students. Any person violating this policy may be subject to arrest or criminal prosecution.

CORRECTIVE ACTION AND DISCIPLINE

Policy No. 3357:15-14-18

Page 1 of 4

Effective: 10/15/2009

Revised: 08/27/2012

Revised: 02/22/2015

Revised: 5/29/2020

Revised: 06/05/2023

POLICY:

- (A) The policy provides a mechanism for maintenance of stable working conditions according to the Policies and Procedures of the College. Disciplinary interventions should focus on modifying and correcting employee behavior and deterring the employee from repeating past problem behavior.
- (B) Corrective action and discipline should impose the least severe action necessary to correct the undesirable behavior. Stark State College reserves the right to combine or skip steps in the corrective action and disciplinary procedure depending upon the facts of each situation and the nature of the offense. The level of disciplinary intervention may vary based on the totality of circumstances. Discipline must consider past practice and equitable treatment, and it must meet the test of just cause.
- (C) Disciplinary intervention can be taken to correct problems including, but not limited to, unsatisfactory work performance, insubordination, behavior and conduct infractions, absenteeism and tardiness, negligence, violation of the College's rules and Policies and Procedures, and illegal activity.
- (D) To promote safety and security, mitigate potential risks, and maintain the integrity of the College, we require employees to self-disclose any arrests and convictions (outside of minor misdemeanor traffic citations) during their employment to the Vice President of Human Resources or their applicable executive council member. This must be done no later than five calendar days after the arrest or conviction, so the College can conduct an independent review of their continued suitability for employment.

Disclosing an arrest or conviction does not automatically impact an employee's eligibility for employment with the College. Continued employment depends on a variety of factors such as violations of College policy; the employee's past disciplinary record; and the nature and gravity of, and circumstances surrounding, the arrest or conviction, including the employee's truthfulness and completeness in disclosing the information in a timely manner.

PROCEDURE:

- (A) Supervisory Conference: The problem(s) will first be brought to the employee's attention in a supervisory conference between the employee and the supervisor. This initial meeting is not considered part of the formal corrective action and discipline procedure. During this conference, the supervisor will make sure the employee is aware of the problem and its negative impact. The supervisor will impress upon the employee the necessity of correcting the problem and inform the employee that the meeting is a supervisory conference. At this conference, the employee will have the opportunity to state his/her point of view.

- (B) Formal Discipline System
 - (1) If the problem is not resolved through this supervisory conference, or if the problem is of a serious nature, the supervisor may institute a formal disciplinary intervention. The formal disciplinary process may include a documented verbal reprimand; a written reprimand; a suspension, including a final written reprimand; and/or termination of employment. Discipline should be administered at the minimum level necessary to bring about correction of the problem. The level of discipline administered is at the sole discretion of the College. If the problem is not corrected, more severe action will be taken up to and including termination.

 - (2) The violation of some rules is so extreme that outright discharge is necessary and justified. These violations include, but are not necessarily limited to, theft; on the job substance abuse; the unlawful possession, use, or distribution of illicit drugs, a controlled substance, and/or alcohol; willful destruction of College property; falsification of college records; unauthorized possession of firearms on campus; and other illegal activity.

 - (3) Supervisors must consult with the Human Resources Department prior to initiating the formal disciplinary process. The employee will be informed of a formal disciplinary intervention, both verbally and in writing, within ten business

days after the disciplinary decision has been proposed. Supervisors must maintain written documentation at each stage of the disciplinary process. This documentation must be sent to Human Resources within two business days of the meeting with the employee. A standard format provided by the Office of Human Resources and approved by the President shall be used for the report. Human Resources will maintain all written correspondence in the employee's personnel file.

- (4) The employee may appeal a disciplinary action through the College's grievance procedure only if the disciplinary action violates the College's rules, policies and procedures, or other accepted practices of the College.
- (5) The following are the steps in the formal discipline system:
 - (a) Step 1 – Documented Verbal Reprimand and a Timeline (if appropriate): A documented verbal reprimand is the first step in the formal disciplinary process. The verbal reprimand must state the nature of the current problem, describe the supervisor's expectations, and point to future disciplinary intervention if improvement does not occur. The supervisor will document the occurrence of the documented verbal reprimand, and it will be submitted to Human Resources to retain in the employee's personnel file.
 - (b) Step 2 – Written Reprimand and a Timeline (if appropriate): A written reprimand is a formal notice that a serious infraction has occurred or that the employee has not corrected a problem outlined in a previously documented verbal reprimand. Additional disciplinary intervention may be taken consistent with the College's Policy and Procedures and any applicable existing contract provisions. It also aims to gain the employee's agreement that the problem will be corrected and will not recur. The written reprimand will be signed by the supervisor and the employee and will be placed in the employee's personnel file.

- (c) Step 3 – Suspension/Final Written Reprimand: A suspension with or without pay may be incorporated into the plan to address the disciplinary intervention. This step may occur when the division management and Human Resources suspect an employee of a severe infraction of the policy and procedures, rules, or accepted practices of the College, or a repeated infraction which has been previously addressed. The final written reprimand is the final step between the College and the employee regarding sustainable improved behavior. It is a notice to the employee that he or she must reform his/her actions and behavior or face discharge. The College will provide the employee with notice of the evidence against him or her and an opportunity to respond to the allegations.
- (d) Step 4 – Termination: Termination is the final step in the disciplinary process. It will occur when the employee has not resolved the problem during the previous steps or when the violation, at the sole discretion of the College, is so extreme that outright discharge without going through some or all of the previous steps is necessary and justified. In all instances where disciplinary intervention could result in Termination, the College will provide the employee with notice of the evidence against him or her and an opportunity to respond to the allegations. All termination requests will undergo a final review by the Human Resources Department. The employee must be officially notified in writing of the termination by the Human Resources Department. Terminated employees must return all College property to their immediate supervisor, Human Resources, or security.

POLICY:

All forms of property (including equipment, facilities, supplies, and services) purchased with Stark State College funds are intended for College business only. The use of College property must be consistent with the mission and goals of the institution. Property used by departments or divisions belongs to the College as a whole and not to any department or division to which it has been assigned. Under no circumstances is an employee of the College authorized to engage in any activity that is illegal under local, state, federal, or international law while utilizing the College's owned resources.

PROCEDURE:

(A) The College obtains and provides equipment for its employees only for the purpose of executing work assignments and work-related responsibilities. All College equipment, whether assigned to a particular employee, office, instructional area, or off-campus location, is to be used only for College activities. Except as described herein, employees are not authorized to use College property for personal or non-College business purposes, and College-owned property and the facilities shall not be used to bring personal profit to any employee of the College.

- (1) If College equipment needs to be taken off-site for business use, approval of the immediate supervisor is needed. Permission is implied for an employee who is granted authorization for a laptop or tablet, as the expectation is that this equipment will be mobile and used for work-related assignments and responsibilities.
- (2) College employees shall be held accountable for any damage resulting from their negligence to property assigned to them and shall not lend such property or permit property to pass out of the control of a College employee.

(B) Use of College Equipment

- (1) Desktop Telephones

- (a) Use of College telephones for personal matters should be limited, whether these calls are incoming or outgoing. Personal telephone calls burden the computerized telephone system and take up employees' valuable work time.
- (b) Personal long distance telephone calls are not to be charged to College telephones. College employees shall use a personal calling card, credit card, or personal cell phone if it is necessary to make a personal long distance call at work.

(2) Cellular Telephones

- (a) The College may provide cellular telephone, data, and/or text service for employees whose duties and responsibilities require wireless access for College business. The College requires all employees to comply with all applicable laws while driving. Cellular phones should not be used in a manner that interferes with the safe operation of a state-owned vehicle, rented vehicle, or personal vehicle on College business. Requests for a College-provided cell phone are made through the completion of the Cell Phone Request Form. The appropriate level of cellular phone service is determined by the department and the College's needs, employee's duties, and available funding. College-provided cellular telephone, data, and/or text service is intended for College-related business purposes. Use of College-provided cellular telephone, data, and/or text service for personal matters should be limited, whether these calls are incoming or outgoing. International telephone calls are not to be charged to College-provided cellular telephones unless business needs require them.
- (b) College-provided cellular telephones must meet the standards established by the Information Technology Department and must be acquired in accordance with the College's purchasing

procedures. A representative from the Information Technology Department will manage all cellular phone acquisitions. An annual review of the business need for employees to retain a College-provided cell phone must be completed by the applicable Executive Council member before the beginning of each fiscal year. Any device which connects to the College information service must also contain security such as password activation. If said device were to become lost or stolen, it is the responsibility of the individual who connected the device to contact the Help Desk immediately to safeguard the information stored therein.

- (c) Monthly billing for cellular services will be reviewed and authorized for payment by the Information Technology Department.
- (d) A representative from the Information Technology Department and the Comptroller's office will review individual usage and adjust cellular plans to assure that the College receives the lowest per minute.

(3) Computer and Network Resources

Computer resources of Stark State College are provided solely for the following: currently registered students, authorized faculty and staff, and authorized agents of the College, performing activities for the benefit of or with respect to the instructional or administrative missions of the College. Section 3357:15-15-05 of the College's Policies and Procedures Manual outlines the policy on the responsible use of College computer resources.

(4) Vehicles

- (a) A number of motor vehicles are owned by Stark State College. These vehicles are made available to employees in order to facilitate the official business of the College. It is the responsibility of all

employees who use College vehicles to insure the efficient and economical utilization of such vehicles.

- (b) College-owned vehicles are not to be driven for personal use, unless approved by the College Board of Trustees. Employees may be required to drive their personal vehicle or a rental vehicle for College business. Any employee driving a College-owned, rental, or personal vehicle on College business must have a valid driver's license and proof of insurance, as required by Ohio law.

(5) Office and Classroom Furniture

Office and classroom furniture (including, but not limited to, desks, chairs, and tables) is the property of the College and may not be used for personal use.

(6) Copiers/Facsimile Machine

Personal use of College copiers, facsimile machines, and scanners is prohibited without supervisory approval. If approval is obtained, College employees are charged the actual cost of making copies. Faxed documents are charged \$2.00 for the first page and \$1.00 per each subsequent page thereafter. Fees are payable at the Business Office.

(7) Other Equipment

Personal use of College equipment or supplies, (including but not limited to, postage meter, scanners, audiovisual equipment, tools, and other equipment and supplies) is prohibited.

(C) Cell Phone, Data, and Text Allowance

- (1) Under certain circumstances, an employee may be paid a cell phone allowance through Payroll which is included in the employee's check/direct deposit. This allowance does not increase the employee's base salary and will not be included in the calculation of any College benefits. Any applicable payroll taxes will be withheld from the cell phone allowance.
- (2) Employees authorized to receive a stipend will be paid at a rate of \$50.00 per month. The employee selects and contracts for the cellular service. The rates above are subject to annual review and may be adjusted by the Vice President of Business and Finance based upon changes in business conditions.
- (3) The stipend is additionally intended to provide partial funding for the maintenance and the replacement of a cellular device.
- (4) The stipend is considered taxable income by the College, will be subject to payroll taxes, and will be included on the employee's W-2 form each year.
- (5) The employee is advised that even though the personal usage of the cellular device is allowed, business use of the device which produces a record is subject to all provisions of the Ohio Public Record laws. This requirement is no different from business records produced by other personally owned devices.
- (6) Employees receiving a stipend are required to maintain usage records in the cell provider's billing documents for three months from the date of billing.
- (7) An annual review of the business need for the employee to continue to receive a cellular phone, data and/or text allowance must be completed by the applicable Executive Council member before the beginning of each fiscal year.

(D) Infrequent Use of Cell Phones, Data or Text Services

If a College employee's job duties do not include the frequent need for wireless telephone, data, and text services, then the employee is not eligible for a College issued cell phone or a taxable cell phone allowance. Such employees may request reimbursement for the

actual extra expenses of College calls made using their personal cell phone services and provide appropriate supporting documentation. A copy of the cellular phone bill, detailing the individual calls, data overages, and/or text messages to be reimbursed, must accompany the reimbursement request. The College will not reimburse employees for roaming (out-of-area) charges, unless it is shown that regular phone service was not available and immediate calling was necessary.

FAMILY AND MEDICAL LEAVE

Policy No. 3357:15-14-24

Page 1 of 9

Effective: 01/01/2013

Revised: 03/23/2015

Revised: 06/03/2019

Revised: 05/29/2020

POLICY:

Stark State College will grant up to twelve weeks of leave (or up to twenty-six weeks of military caregiver leave to care for a covered service member with a serious health condition) during a twelve-month period to eligible employees. The leave may be paid, unpaid, or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in this policy.

- (A) Eligibility: To qualify to take Family Medical Leave (FML) under this policy, the employee must meet all of the following conditions:
- (1) The employee must have worked for the College for twelve months or fifty-two weeks. The twelve months or fifty-two weeks need not have been consecutive. Separate periods of employment will be counted, provided that the break in service does not exceed seven years. Separate periods of employment will be counted if the break in service exceeds seven years due to National Guard or Reserve military service obligations or when there is a written agreement, including a collective bargaining agreement, stating the employer's intention to rehire the employee after the service break. For eligibility purposes, an employee will be considered to have been employed for an entire week even if the employee was on the payroll for only part of a week or if the employee is on authorized leave during the week.
 - (2) The employee must have worked at least one thousand, two hundred, and fifty hours during the twelve-month period immediately before the date when the leave is requested to commence. Hours spent on paid or unpaid leave are not counted as hours worked in determining the one thousand, two hundred, and fifty-hours eligibility test for an employee under (FML).
- (B) Eligible employees are entitled to twelve weeks of unpaid FML each year for the following qualifying events. (Note: Military caregiver leave is twenty-six weeks of leave.)
- (1) The birth of a child and to bond with the newborn child within one year of birth;

- (2) The placement with the employee of a child for adoption or foster care and to bond with the newly placed child within one year of placement;
- (3) To care for an immediate family member, i.e. spouse, child, parent who has a serious health condition;
- (4) A serious health condition that makes the employee unable to perform the essential functions of his or her job;
- (5) Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is on covered active duty or called to covered duty status as a member of National Guard, Reserves, or Regular Armed Forces;
- (6) Twenty-six workweeks of leave during a single twelve-month period to care for a covered service member with a serious injury or illness if the eligible employee is the service member's spouse, son, daughter, parent, or next of kin (military caregiver leave).

(C) Amount of Leave

- (1) An eligible employee can take up to twelve weeks for the FML circumstances (1) through (6) above. Under this policy, Stark State College uses a rolling back twelve-month period beginning with the first instance of FML.
- (2) Each time an employee takes leave, the College will compute the amount of leave the employee has taken under this policy in the last twelve months and subtract it from the twelve weeks of available leave, and the balance remaining is the amount the employee is entitled to take at that time.
- (3) If two Stark State College employees request to take leave for the birth of the same child, adoption, or placement of the same child in foster care, or to care for the same parent with a serious health condition, the employees may only take a combined total of twelve weeks of leave. If the employees request to take leave to care for the same covered injured or ill service member, the employees may only take a combined total of twenty-six weeks of leave.

(D) Employee Status and Benefits during Leave

- (1) While an employee is on unpaid leave, the College will continue all enrolled benefits during the unpaid leave period at the same level and under the same conditions as if the employee had continued to work. If the employee does not return to work, the College will require the employee to reimburse the College for the amount it paid for the employee's portion of the continuation of all enrolled benefits during the unpaid leave period.
- (2) If the employee returns to work, the College will deduct the amount paid for the employee's portion of the continuation of all enrolled benefits during the unpaid leave period from the employee's pay.

(E) Employee Status after Leave

- (1) An employee who takes leave under this policy may be required to provide a fitness for duty (FFD) clearance from the health care provider.
- (2) Generally, an employee who takes FML will be able to return to the same position or a position with equivalent status, pay, benefits, and other employment terms. The position will be the same or one which is virtually identical in terms of pay, benefits, and working conditions. The College may choose to exempt certain key employees from this requirement and not return them to the same or similar position.

(F) Disability Leave/Workers' Compensation

Instances in which an employee concurrently uses vacation, personal, or sick leave during periods when the employee is receiving partial pay under disability leave or workers' compensation will be handled pursuant to federal regulations.

(G) Intermittent Leave or a Reduced Work Schedule

- (1) The employee may take FML in twelve consecutive weeks, may use the leave intermittently (take a day periodically when needed over the year) or, under certain circumstances, may use the leave to reduce the workweek or workday, resulting in a reduced hour schedule. In all cases, the leave may not exceed a total of twelve workweeks (or twenty-six workweeks when authorized under the military caregiver leave provisions). The College may temporarily transfer an employee to an available

alternative position with equivalent pay and benefits if the alternative position would better accommodate the intermittent or reduced schedule, in instances where leave for the employee or employee's immediate family member is foreseeable and for planned medical treatment, including recovery from a serious health condition or to care for a child after birth, or placement for adoption or foster care.

- (2) For the birth, bonding, adoption, or foster care of a child, the College and the employee must mutually agree to the schedule before the employee may take the leave intermittently or work a reduced hour schedule. Leave for birth, bonding, adoption, or foster care of a child must be taken within one year of the birth or placement of the child.
- (3) If the employee is taking leave for a serious health condition or due to the serious health condition of an immediate family member, the employee should try to reach agreement with the College before taking intermittent leave or working a reduced hour schedule. If this is not possible, the employee may be asked to provide documentation confirming the leave is medically necessary.

(H) Certification of a Qualifying Event

- (1) A request for FML must be substantiated with satisfactory certification provided within fifteen calendar days of the request for leave. If the leave is due to a serious health condition of the employee, employee's immediate family member, or covered service member, certification must be submitted by an appropriate health care provider. Certification must be provided on the proper form available in the Human Resources Department. If the leave is due to adoption, foster care placement, active duty leave, or covered active duty leave, documentation must be submitted from the appropriate agency.
- (2) The College reserves the right to request a second opinion if the validity of the certification is questioned. This is done at the College's selection and expense.
- (3) If necessary, to resolve a conflict between the original certification and the second opinion, the College and the employee will mutually select a third health care provider at the College's expense. This third opinion will be considered final. The employee will be provisionally entitled to leave and

benefits under the FML pending the second and/or third opinion. The College may deny FML to an employee who refuses to release relevant medical records to the health care provider designated to provide a second or third opinion.

- (4) The College will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a delay or denial of leave.
- (5) The College will require certification for the serious injury or illness of the covered service member. The employee must respond to such a request within fifteen days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a delay or denial of leave.
- (6) The College may request recertification for the serious health condition of the employee or the employee's immediate family member, no more frequently than every thirty days and only when circumstances have changed significantly, or if the employer receives information casting doubt on the reason given for the absence, or if the employee seeks an extension of their leave. Otherwise, the College may request recertification for the serious health condition of the employee or the employee's immediate family member every six months in connection with an FML absence. In no instance will leave of any type extend beyond one calendar year. In compliance with HIPAA Medical Privacy Rules, the College will obtain the employee or the employee's immediate family member's permission to obtain clarification on any individually identifiable health information in the case of recertification.
- (7) Failure to comply with the College's request for documentation may result in discipline. The College will refer to the Corrective Action and Discipline policy in these situations.

PROCEDURE:

- (A) All employees requesting FML must provide written notice of the need for the leave to the Human Resources Department. When the need for the leave is foreseeable, the employee must provide the employer with at least thirty days' notice. When an employee becomes aware of a need for FML less than thirty days in advance, the employee must provide notice of the need for the leave as soon as practical.

- (B) Within five business days after the employee has provided this notice, the Human Resources Department will notify the employee of their eligibility to take FML.
- (C) If an employee is granted FML, the employee may be asked to report periodically on the employee's status and intent to return to work.

WHISTLEBLOWER

Policy No.: 3357:15-14-25

Page 1 of 3

Effective: 10/16/2013

Revised: 02/22/2015

Revised: 5/29/2020

POLICY:

- (A) A whistleblower, as defined by this policy, is an employee of Stark State College who reports an activity that he or she considers illegal, fraudulent, or unethical to one or more of the parties specified in this policy. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities.
- (B) Examples of illegal or fraudulent activities include violations of federal, state, or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting. Although the College encourages employees to report concerns to their immediate supervisor, there are times when an employee may feel it is necessary to report a concern outside of the traditional reporting mechanism. The College has adopted a whistleblower policy for these instances.
- (C) Whistleblower protections are provided in two important areas: confidentiality and protection against retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. The College will not retaliate against a whistleblower or any participants in the investigation. This includes, but is not limited to, protection from retaliation in the form of an adverse employment action – such as termination, compensation decreases, or poor work assignments – and threats of physical harm. Any whistleblower or participant in an investigation who believes he or she is being retaliated against must contact the Director of Human Resources immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.
- (D) All reports of illegal, fraudulent, and unethical activities will be promptly submitted to the Human Resources Department, which is responsible for investigating and coordinating corrective action, if needed. Any employee who knowingly makes a false allegation of misconduct or retaliation will be subject to disciplinary action up to and including termination of employment. This policy is not in conjunction with, and will not replace or supersede, federal and/or state whistleblower policies.

PROCEDURE:

- (A) Employees should share their questions, concerns, or complaints with an individual who can address them properly. In many cases, the employee's supervisor is in the best position to address an area of concern. If an individual is not comfortable speaking with the supervisor, or is not satisfied with the supervisor's response, he or she should complete the Whistleblower Report Form and submit the completed form to one of the following:
- (1) Director of Human Resources
 - (2) Executive Administrator
 - (3) Appropriate Faculty or Staff Association President
- (B) All concerns will then be provided to the Director of Human Resources, who will designate an investigator and/or address the concern as appropriate.
- (C) Steps
- (1) The Whistleblower Report Form should be completed within 90 calendar days from when the whistleblower became aware of the incident.
 - (2) The formal complaint must be submitted on the College's Whistleblower Report Form, and should state the facts of the complaint; the policy, procedure, or law allegedly violated; and the specific remedy sought.
 - (3) The investigator shall notify the appropriate Executive Administrator of the concern in his or her division within five business days of receipt. If the concern is against an Executive Administrator, then the President will be notified.
 - (4) The investigator will conduct a formal conference with the employee filing the concern, if not anonymously filed, within five business days of receiving the complaint.
 - (5) The investigator will provide a status update to the appropriate Executive Administrator within 10 business days of receipt.

- (6) All reports will be promptly investigated within 30 calendar days of receipt of the Whistleblower Report Form. Appropriate corrective action will be taken if warranted by the investigation.
- (7) The investigator will prepare a summary of their investigation and findings to be shared with the complainant, if not anonymous.

(D) Confidentiality

Confidentiality will be maintained to the extent possible while remaining consistent with the need to conduct an appropriate investigation, provide due process, and adhere to Ohio Sunshine Law requirements regarding public records.

Policy No.: 3357:15-14-31

Page 1 of 3

POLICY:

Stark State College prohibits consensual relationships of a dating, intimate, and/or sexual nature between individuals of unequal authority (e.g., between a supervisor and an employee and/or a faculty or staff member and a student) where the person of real or perceived authority directly supervises or has the ability to impact either the employment or education of the other. Actions which constitute breaches or flagrant violations of the standards defined in this policy may result in disciplinary action, termination of employment, or dismissal from the College.

PROCEDURE:

(A) Relationships with Colleague(s)

Colleagues who engage in personal relationships, including romantic and/or sexual relationships, and who do not have a supervisor/employee relationship, should be aware of their professional responsibilities and will be responsible for ensuring that the relationship does not raise concerns about favoritism, bias, ethics, or conflict(s) of interest in accordance with the Code of Ethics and Professional Behavior (Policy No.:15-14-27). In cases of doubt, employees should seek advice and counsel from their immediate supervisor and Human Resources.

(B) Relationships between Supervisors and Supervisees

Personal relationships, including romantic and/or sexual relationships between supervisors and supervisees, are prohibited, even when consensual. If such a relationship currently exists or develops, the supervisor or employee who has influence or control over the other's conditions of employment has a duty to report their relationship to the next level of management and Human Resources. Efforts by employees to initiate these relationships are also prohibited.

(C) Relationships with Student(s)

When employees interact with students, they are in a position of trust and power. These relationships must not jeopardize the effective functioning of the College by the appearance of either favoritism or unfairness in the exercise of professional judgment.

In relationships with students, employees are expected to be aware of their professional responsibilities in accordance with the Code of Ethics and Professional Behavior (Policy No.: 3357:15-14-27) and are required to avoid apparent or actual conflict of interest, favoritism, or bias.

- (1) Personal relationships, including romantic and/or sexual relationships between a student and an employee who is in a position to exercise direct power or authority

over that student or makes academic decisions affecting the student, are prohibited, even when consensual. Efforts by employees to initiate these relationships are also prohibited. If such a relationship currently exists or develops, the employee who is in a position to exercise direct power or authority over that student or makes academic decisions affecting the student has an affirmative duty to report their relationship to the next level of management and Human Resources. The student involved in the relationship is encouraged to disclose the relationship to the Title IX Coordinator.

- (2) Personal relationships, including romantic and/or sexual relationships between a student and an employee who is not in a position to exercise direct power or authority over that student, may also be inappropriate. Any employee who engages in such a relationship must accept responsibility for ensuring that it does not result in a conflict of interest or raise other issues of professionalism. In cases of doubt, advice and counsel should be sought from the Director of Human Resources.

(D) Investigations

Human Resources is responsible for conducting a neutral, prompt, and thorough investigation of allegations of failure to report consensual relationships and of failure to implement or comply with the measures required to address the actual, potential, or perceived conflict of interest arising from the relationship.

(1) Confidentiality

All parties should treat information reported and disclosed in compliance with this policy as confidential, except to the extent it is necessary to report and disclose particulars in order to eliminate the actual, potential, or perceived conflict(s) of interest or when compelled to do so by law. All individuals involved in the process should exercise discretion and show respect for the reputation and privacy of everyone involved in the process.

(2) Non-Retaliation

No person shall retaliate against an individual for reporting a consensual relationship; filing a complaint; participating in an investigation; participating in resolution of a complaint; implementing measures that would eliminate the actual, potential, or perceived conflict(s) of interest or any adverse effects on third parties resulting from the consensual relationship; or any other activity protected under this policy, regardless of the outcome of any concern or complaint. Any act of retaliation or reprisal violates this policy and will be treated as a separate violation. Anyone found to have retaliated against someone making use of this policy will be subject to corrective actions, up to and including termination of employment or dismissal from the College.

(E) Policy Violation

Persons who violate this policy are subject to a range of sanctions, depending on the facts and circumstances and the application of other policies. Failure to comply with the reporting requirements of this policy or to comply with the measures implemented to address the actual, potential, or perceived conflict(s) of interest can lead to disciplinary action, up to and including termination of employment or dismissal from the College, in accordance with established College policies and procedures, including the Stark State College Code of Ethics and Professional Behavior (Policy No.: 3357:15-14-27), the Corrective Action and Discipline Procedure (Policy No.: 3357:15-14-18), and the Student Code of Conduct (Policy No.: 3357:15-19-10).

- (4) Personal leave expires at the end of each fiscal year and cannot be accrued.
- (5) Leave balances are posted on the Employee Dashboard on mySSC and reflected on the employee's pay stub.

(D) Sick Leave/Bereavement

- (1) Sick leave may be used for the following purposes: personal illness, personal injury, primary caregiver, elder care, parental leave, and bereavement.
- (2) For full-time and benefit eligible part-time employees of the College, sick leave may be accumulated without limit. Adjunct faculty, casual hourly employees (less than an average of 29 hours per week or irregularly scheduled), and temporary student employees will not be entitled to earn sick leave.
- (3) Accumulated sick leave established at another institution may be transferred to the College in accordance with the Ohio Revised Code. Sick leave transferred will be effective on the first day of duty.

Sick leave must be earned before being used.

Benefit eligible employees may take sick time in $\frac{1}{4}$ hour increments. All sick time taken must be reported to the employee's immediate supervisor.

- (4) Fifteen days of sick leave are earned per year, accrued at a monthly rate of one and one quarter days per month by all full-time salaried personnel, and at the biweekly rate of 4.6 hours for hourly employees working a 40-hour week. Full-time and benefit eligible part-time hourly employees shall earn sick leave at a rate pro-rated in accordance with the percentage time of their employment.
- (5) Sick leave must be reported on a Request for Leave form or, if applicable, through web time entry and must be submitted and approved by employee's immediate supervisor. After an absence of five or more consecutive work

days, a doctor's statement is required.

In the event of an absence due to illness of ten or more consecutive work days, the employee must complete a Request for Leave form and present a physician's statement indicating the employee is disabled from working and noting an anticipated date of return. If the employee has provided a certification and application for Family Medical Leave for the same period of time, that documentation shall suffice. The employee will be required to submit a return to work note noting any restrictions prior to returning to the workplace.

- (6) An employee shall be permitted to use sick leave if they are the primary caregiver for a member of the family living in the same household. These days shall be charged to the unused portion of the employee's sick leave account.
- (7) Employees may use five days of sick leave per fiscal year to care for a parent who is not a member of his/her household (eldercare).
- (8) Employees who have accumulated at least one year of service with the College may use 15 days of sick leave per year for paid parental leave for the birth or adoption of a child or the placement of a foster child into the home within the first year of birth or placement. These days shall be charged to the unused portion of the employee's sick leave account and must be approved by his or her supervisor.
- (9) An employee may use accumulated sick leave, not to exceed five working days, which do not need to be consecutive, in the event of the death of a member of the immediate family. Immediate family includes parent, spouse, domestic partner, child, sibling, grandparent, grandchildren, step-parents, immediate family in-laws, immediate step-family members, or other close relative who is a member of the employee's household. These days are for employees to grieve, attend funeral services or a memorial, or deal with financial and legal matters that may come up after death. Bereavement days shall be charged to the unused portion of the employee's sick leave account.
- (10) Sick leave balances are posted on the Employee Dashboard on mySSC and reflected on the employee's pay stub.
- (11) All full-time and benefit eligible part-time employees with ten or more years of service in a position that accrues sick leave at Stark State College may elect, at the time of retirement from active employment with the College, to be paid in cash for one-fourth of the value of unused, accrued sick leave credit. Payment will only be made once to any employee under any state or municipal retirement system in Ohio. As used in this section, "retirement" means disability or service retirement under any state retirement system in this state or retirement as defined by the College approved Alternative Retirement Plan (ARP), if a member. The maximum payment made under this section

shall be set by the Board of Trustees.

Payment shall be based on the employee's rate of pay at the time of retirement. Payment for sick leave on this basis shall be considered to eliminate all sick leave credit accrued by the employee at that time.

If an employee retires under a public retirement system and intends to return to public service within ten years from their retirement date, they can elect not to take a payment under this policy at the time of their retirement. This election would allow them to preserve their sick leave balance for transfer to their new employer, if permissible. The decision made at time of retirement is final and irreversible.

(12) The following summarizes allowable sick leave usage:

- (7) Any employee who fails to return at the conclusion of the approved leave period (or mutually agreed upon date) shall be considered to have voluntarily resigned and shall forfeit continuous service and benefits.
- (8) Employees shall have the option to elect COBRA to continue health and dental coverage during an unpaid leave. Should an employee decide not to continue coverage, eligibility requirements and waiting periods for new employees apply for reinstatement.
- (9) Retirement annuity plan contributions by the College shall cease until the employee returns to work. Employee benefits, including annual leave, personal leave, and sick leave, do not accrue during leave without pay.
- (10) If an employee returns to active employment within the limits specified by his/her leave of absence, sick leave accrued prior to the leave will be restored.
- (11) Any employee who requests and is granted a leave of absence of more than thirty days will not lose seniority (i.e. will retain seniority already earned but will not accrue additional seniority during the leave).

- (12) An employee seeking to obtain a leave of absence from work at the College shall submit a written request to his supervisor, indicating in detail the type of leave requested, the compelling reasons for making the request, and the precise dates or duration of the proposed leave.
- (13) Leave of absence without pay extends from the time an employee's leave commences until he/she is scheduled to return to continuous service unless, at the employee's request, the employing official and the Office of Human Resources agree to an earlier date.

(F) Rest Periods

Full-time employees receive two 15-minute rest periods and one half-hour (unpaid) lunch period during regular scheduled 8.5-hour working days. Part-time employees receive one 15-minute rest period for every four hours worked. If more than one person is employed in a particular area, the area supervisor may choose to stagger rest periods to ensure that the work area is covered at all times.

TUITION ASSISTANCE

Effective: 06/03/2019

Policy No. 3357:15-14-33

Page 1 of 3

POLICY:

All full-time Stark State College faculty, administrative, professional, and support staff personnel may participate in the Tuition Assistance Program. Tuition assistance is provided to employees for the purpose of professional development in recognition that a better educated employee will assist the College in fulfilling its mission to provide quality education and training opportunities to the citizens of our community.

PROCEDURE:

- (A) Eligibility is limited to full-time employees of SSC who have completed at least one year of full-time continuous service with the College preceding the term of enrollment. Employment must continue through the end of the term for which the employee is enrolled in classes.
- (B) All course work must be taken for academic credit at a regionally accredited post-secondary institution. Regionally accredited post-secondary institutions are recognized by the U.S. Department of Education and the Council for Higher Education Accreditation.
 - (1) No course shall be approved if there is a comparable and transferable course offered at Stark State College.
 - (2) Academic course work eligible for tuition assistance includes undergraduate and graduate courses. All course work and class attendance must be completed on the employee's own time.
 - (3) Tuition assistance may be approved for all course work leading to a degree that shall directly enhance the employee's potential to qualify for advancement within the College. Approval of the degree program for the employee shall constitute approval for all course work required to obtain the degree.
 - (4) Tuition assistance may also be approved on a course- by-course basis for all job related course work for employees not seeking a degree. This method of course approval shall not prevent the employee from eventually obtaining a degree and/or switching to the degree approval program.
 - (a) Eligible employees are required to get prior approval for participation by submitting the Tuition Assistance Form, approved by the employee's immediate supervisor and the Human Resources Department, by the established deadline.
 - (b) Tuition assistance is generally limited to obtaining a degree beyond the

employee's current degree conferred. Requests for lateral degree assistance will need to be approved through the applicable Executive Council member, with consideration given to whether the degree attainment provides a benefit to the College or to the employee's current position.

(c) Reimbursement guidelines are as follows:

- i. Reimbursement may be provided to eligible employees for approved academic course work based upon successful course completion. Successful course completion is defined as earning a "C" grade or better (undergraduate), or "B" grade or better (graduate). Documentation of final grade shall be submitted within 60 days of last day of term. Reimbursement will be limited to the lesser of the actual hourly tuition rate or a fixed hourly rate established annually by SSC. Please contact the Human Resources Department for the reimbursement limit.
- ii. Reimbursement under tuition assistance is subject to annual and lifetime limitations on the credit hours submitted and dollars paid by the College. The tuition assistance program is based on a fiscal year. The fiscal year runs from July 1 through June 30 and will reimburse the tuition cost for up to 16 credit hours per fiscal year. The maximum reimbursement amount is equal to the number of credit hours taken times the undergraduate credit hour rate at Kent State University main campus in effect for the term in which the class(es) was completed. Tuition assistance is subject to the availability of funds and may require a pro rata calculation.
- iii. Reimbursement to doctoral students enrolled for dissertation credit after completion of required coursework will require a grade of "Satisfactory" or other passing grade, as defined by the institution granting the degree. Annual reimbursement will be limited to the actual fee for the dissertation credit without regard to the number of credit hours involved until the lifetime limit has been reached. Lifetime reimbursement for dissertation credit will be limited to the equivalent of 30 credit hours (the number of hours of dissertation credit required to obtain a doctoral degree at Kent State University) times the undergraduate credit hour rate at Kent State University main campus in effect for the term when the student first enrolls for dissertation credit.
- iv. Reimbursement will include the cost of tuition and other defined mandatory expenses or fees. Tuition and mandatory fees are defined as Instructional and General Fees, Administrative Fees, and Technology, and Library Fees where applicable. Other fees that are deemed optional and/or are not associated with tuition are not reimbursable. These fees include Deferred Payment Plan Fees, Payment Service Fees, Textbooks, Transportation Fees, late Fees associated with student accounts, and other

fees that are not defined as mandatory.

- v. When an employee receives assistance from an outside source, such as G.I. Bill, scholarship or grant-in-aid, to cover the cost of courses, the amount received will be deducted from the total cost of the courses, and the difference, if any, will be subject to the reimbursement provisions of this Plan. If the aid covers expenses that are excluded from the tuition assistance policy, documentation must be provided to the Human Resources Department to determine the reimbursement that the employee is eligible to receive.
- vi. Funding for the Tuition Assistance Program will be budgeted annually based on available College resources. The total cost of the program must be within the approved budget allocation.
- vii. The Tuition Assistance Program must conform to current federal and state income tax and other regulations. Should any changes occur in the regulations, the Tuition Assistance Program may be altered to ensure compliance.
- viii. Appeals shall be under the established Grievance Procedure as stated in the SSC Policies and Procedures Manual, rule 3357:15-14-07 of the Administrative Code.

REASONABLE ACCOMMODATIONS

Effective: 06/07/2021

Policy No. 3357: 15-14-34

Page 1 of 4

POLICY

Stark State College is committed to the full inclusion of all individuals. The College will make reasonable accommodations as defined in this policy which will provide otherwise qualified applicants and employees with disabilities equal access to participate in opportunities, programs, and services offered by the College.

It is the intent of the College to provide reasonable accommodations to such employment applicants and employees with a qualified physical, mental, or learning disability, unless to do so would fundamentally alter the nature of the employment; would result in an undue hardship to the College; or would result in a direct threat to the health or safety of the individual or others.

Stark State College does not discriminate on the basis of disability in any of its employment practices.

PROCEDURE

- (A) Employees: Persons with disabilities employed by the College are encouraged to request reasonable accommodation at any time when such accommodation becomes necessary to facilitate the employee's performance of essential functions of their job or to allow the enjoyment of any other benefits of employment.
- (1) The employee should present, either to a manager or Human Resources, the need for an accommodation to enable them to perform the essential functions of their position. This request can present itself in multiple forms. There is no specific language that must be used, although it is preferable that the employee makes it clear that they are seeking an accommodation of some type.
 - (2) To begin the interactive process, a human resources representative and the direct manager will meet with the employee to discuss the requested workplace accommodations within ten working days of the request. In this meeting, the review process is explained to the employee and required medical documentation is requested.
 - (3) After the requested documentation is received by Human Resources, a discussion between Human Resources, the employee, and the direct manager is had to review what accommodations would be effective for the employee and appropriate for the work place environment. This discussion will identify what modifications (to procedures, schedules, equipment, or the environment)

POLICIES AND PROCEDURES MANUAL

or aids would allow the employee to meet their essential job responsibilities (tasks and performance, productivity, and safety standards)

- (4) Accommodations for employees may include: job restructuring; modified work schedules; reassignment to a vacant position, acquisition or modification of equipment or devices; appropriate adjustment or modifications of examinations, training materials, or policies; and other similar adjustments.
 - (5) The types of accommodations needed and provided will depend on the limitations of the disability and the individual employee's ability to perform the essential duties of the position. One standardized type of accommodation may not meet the needs of employees who have similar disabilities but different impairments/limitations when performing their essential job functions. Accommodations are designed to meet the specific circumstances of the individual.
 - (6) The effectiveness of accommodations and the need for modifications will be assessed within the first month of implementation and reviewed on an annual basis by Human Resources, the employee, and manager.
 - (7) Temporary modified work assignments are provided to employees whenever possible who are unable to perform the essential functions of their regular jobs due to temporary or short-term medical conditions. These temporary modified assignments may allow such an employee to continue working in some capacity instead of being absent from work due to his or her condition or may facilitate and accelerate an employee's return to work to his or her regular job following a period of absence. However, inherent in this practice is that these assignments are merely temporary. They are not intended to become permanent nor do such limited positions exist.
- (B) Applicants: Qualified applicants with disabilities are encouraged to request reasonable accommodations during the hiring process to allow persons with disabilities equal access to employment opportunities.
- (C) Definitions: The definitions set forth below were largely adopted from the Americans with Disabilities Act of 1990, as amended.
- (1) Disability: A physical or mental impairment that substantially limits one or more major life activities of the individual, a record of such an impairment, or being regarded as having such an impairment.

STARK STATE COLLEGE
POLICIES AND PROCEDURES MANUAL

- (2) Major life activities: Term includes caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.
- (3) Major bodily functions: Term includes physical or mental impairment such as any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin, and endocrine. Also covered are any mental or psychological disorders, such as intellectual disability (formerly termed “mental retardation”), organic brain syndrome, emotional or mental illness, and specific learning disabilities.
- (4) Substantially limiting: In accordance with the ADAAA final regulations, the determination of whether an impairment substantially limits a major life activity requires an individualized assessment, and an impairment that is episodic or in remission may also meet the definition of disability if it would substantially limit a major life activity when active. Some examples of these types of impairments may include epilepsy, hypertension, asthma, diabetes, major depressive disorder, bipolar disorder, and schizophrenia. An impairment, such as cancer that is in episodic or in remission but that may possibly return in a substantially limiting form, is also considered a disability under EEOC final ADAAA regulations.
- (5) Direct threat: A significant risk to the health, safety, or well-being of individuals with disabilities or others when this risk cannot be eliminated by reasonable accommodation.
- (6) Qualified individual: An individual who, with or without reasonable accommodation, can perform the essential functions of the employment position that such individual holds or desires.
- (7) Reasonable accommodation: Includes any changes to the work environment and may include making existing facilities readily accessible to and usable by individuals with disabilities, job restructuring, part-time or modified work schedules, telecommuting, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustment or

modifications of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommodations for individuals with disabilities.

- (8) Undue hardship: An action requiring significant difficulty or expense by the employer. In determining whether an accommodation would impose an undue hardship on a covered entity, factors to be considered include:
- a. The nature and cost of the accommodation.
 - b. The overall financial resources of the facility or facilities involved in the provision of the reasonable accommodation, the number of persons employed at such facility, the effect on expenses and resources, or the impact of such accommodation on the operation of the facility.
 - c. The overall financial resources of the College, the size, number, type, and location of facilities.
 - d. The requirements of the position, including the composition, structure, and functions of the workforce; administrative or fiscal relationship involved in making the accommodation to the employer.
 - e. The vice president over human resources will determine if the accommodation is an undue hardship for the College.
- (9) Essential functions of the job: Term refers to those job activities that are determined by the employer to be essential or core to performing the job; these functions cannot be modified.

The examples provided in the above terms are not meant to be all-inclusive and should not be construed as such. They are not the only conditions that are considered to be disabilities, impairments, or reasonable accommodations covered by the policy.

 - (a) Staffing. The program administrator shall be responsible for overseeing the selection of staffing for all covered programs. The program administrator shall assign a college employee who is not a minor to be accessible to participants at all times. Other staffing assignments for the college program should be made to ensure one-on-one contact between authorized adults and minors does not occur and that appropriate levels of supervision are implemented at all times.
 - (b) Background check.
 - (i) Each authorized adult who is a college faculty, staff or student employee must complete a BCI (Bureau of Criminal Investigation) background check or otherwise have a background check on file, completed according to their specific program requirements before the start of the program. Failure by the parent and/or guardian of participating minor to execute all required forms shall immediately render the minor ineligible for participation.
 - (ii) All authorized adults participating in the covered program must complete all requirement materials and agreements prior to commencement of the program. Failure to complete all forms shall immediately render the authorized adult ineligible for participation.

- (e) Communication and Notification Procedures. The program administrator shall establish appropriate procedures for the notification of the minor's parent or legal guardian in case of an emergency, including medical or behavioral problem, natural disaster or other significant programmatic disruption. Authorized adults with the program, as well as participants and their parents and legal guardians must be advised of this procedure in writing prior to the participation of the minors in the program.
- (2) Unsupervised Minors Prohibited. Minors participating in a college program or college-hosted programs are not permitted to be unsupervised while on college property, and must be supervised at all times by a responsible adult directly involved with such program.

 - (b) Register the name of all authorized adults working directly with minors and review and verify all background checks provided for under this policy.
 - (c) Organize training opportunities for each authorized adult to familiarize the adults with the provision of this policy. No person shall be approved without signature stating agreement and understanding of the measures and procedures of this policy and all other Stark State College policies that might apply.
