Wireless Access – Guest Users

Stark State College offers wireless Internet access for guests, visitors, and potential students. This help aid walks through the necessary steps to logon to the wireless network using a Campus Network Account.

Important Note: To gain Internet access the from the wireless network, users must <u>accept the terms of use.</u>

Quick Steps
1. Connect to Wi-Fi network *SSC-Guest.*

2. Open a web browser.

3. Click the checkbox to accept the terms.

4. Click *Log in* to connect.

Detailed Instructions

1. Click the **wireless network connection icon** located in the bottom right corner of the system tray. A list of all available networks appears (*reference Figure 1 for steps 1-4*).

Figure 1

2. Select **SSC-Wireless**.

3. Check the **checkbox** to *Connect automatically*.

4. Click the **Connect** button.

5. Open your web browser and it redirects to the

guest.starkstate.edu page (*reference Figure 2 for steps 6-7*).

6. Click the **checkbox** to *accept the terms of use*.

7. Click the **Log in** button.

8. If successful, the *wireless network connection icon* changes to an **active** connection.

Troubleshooting
If the *wireless icon* does not appear, click the *up-arrow icon* to show more icons.
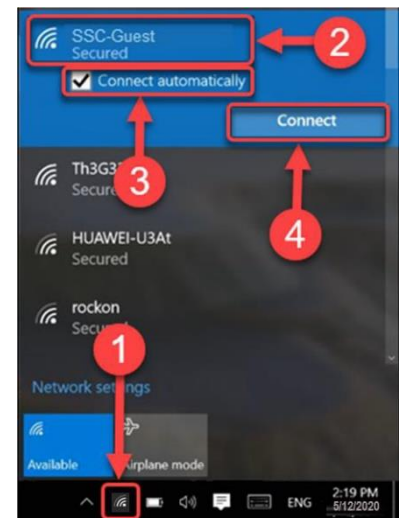

This concludes the help aid.
