[^]Based on SSC placement scores.

Students are required to follow the program curriculum in effect when they begin taking technical courses, not when students are accepted to the College or program.

^{^^}To promote student success, this course should be taken in the first semester.

^{@&}quot;B" or better in BIO101 or High School Biology (must be within 5 years).

[#] BIO121 and BIO122 can be substituted for BIO123

A Because of the strong emphasis on science in this major, applicants must have successfully completed chemistry and biology in high school. Students who did not complete the courses in high school, and those who prefer to refresh their knowledge of the material, should complete the listed pre-requisites.

^{*}Choose from sociology or psychology offerings

^{▲+} Spring only courses. Please see your academic advisor for availability.

^{▲-} Fall only courses. Please see your academic advisor for availability.

^{▲*} Summer only courses. Please see your academic advisor for availability.

PART-TIME STUDENT ADVISING NOTES

Academic Advising

Students should make an appointment to see their advisor before registering for classes each semester. They should have prepared a completed registration form, including courses they wish to take, prior to this meeting.

Course Sequence

The semester-by-semester listing below provides the normal scheduling option for part-time associate degree students who plan to finish in eight semesters.
