Stark State College

A History of Educational Excellence

Stark State College was founded in 1960 when computerization and the development of new technologies and companies created a need for well-educated, highly trained employees with two-year college degrees. Stark State College was born out of that need. Well-respected in the community, Stark State College plays a vital role in the economic growth and development of the region through its strong tradition of providing educational and training services to employers and residents.

Today, Stark State College offers over 200 associate degrees, one-year certificates and career enhancement certificates in business and entrepreneurial studies, education, liberal arts, mathematics, engineering technologies, information technology, health and public services, and sciences.

Degrees awarded are the associate of arts, associate of science, associate of applied science, associate of applied business and associate of technical studies. These degrees prepare our graduates for career success as they move directly into the workforce or choose to continue their education in pursuit of a baccalaureate degree. A wide range of short-term career enhancement certificates help employees improve skills and gain a competitive edge in a society with rapidly changing technology. Career enhancement certificates lead to associate degrees and one-year certificates in various fields of study.

Community and business partnerships are vital to Stark State College. The College has developed an outstanding reputation among business and industry for its willingness to aggressively enhance workforce development activities in support of emerging business needs. A few of Stark State College's public/private partnerships include The Timken Co., Diebold Nixdorf, Contained Energy, Lockheed Martin, Kohler Container Co. and Ariel Corporation.

The Stark State College Foundation is a non-profit, tax-exempt organization that provides financial support beyond that obtained through student fees and state allocations. The Foundation exists solely to benefit the students and programs of Stark State College and assists the College in reaching a higher level of excellence in serving the educational needs of our community.

More than 17,000 Stark State College graduates live and work in our community, contributing to the vitality of our region and serving as a true testament to Stark State's commitment to excellence in education.

Congratulations to the Class of 2024

The Academic Processional

The academic processional precedes the graduation ceremonies and reflects the early origins of education. To recognize the achievements of their students, higher education institutions in America hold an official commencement, during which time students are awarded appropriate degrees at the completion of their studies.

Academic costume has a history of nearly eight centuries. As students in medieval Europe organized into guilds, they developed distinctive costumes for various degrees. Differences among this garb appeared mainly in the hood, which is derived from the cloak. Hoods are now ornamental and are draped over the shoulders and down the back. The hood is faced with colors, which denote the field of study represented by the wearer's degree. The colors of the lining are those of the college or university by which the degree was granted.

In Europe, a professor generally wears the type of garment customary in the university where he or she is lecturing. In the U.S., professors continue to wear the gown and hood of the university where they received the highest degree.

The cap, or mortarboard, is thought to have been created in the 15th century. In the U.S., caps are generally flat and square-shaped. A tassel is attached to a button on top of the mortarboard. Tassels for associate and bachelor's degrees are black, while those for master's degrees are black or a color appropriate to the major field of study. For doctoral degrees, tassels are black or gold. The tassel is moved from the right side of the cap to the left side after receiving a degree and worn on the left side by those who have received a degree.

The various colors of the hoods signify the field of study in which the degree is earned. For example: white – arts in letters and humanities, olive – business and commerce, light blue – education, orange – engineering, purple – law, golden yellow – science, apricot – nursing, lemon – library science, pink – music, and green – medicine.

Distinction and High Distinction

Graduates who have demonstrated outstanding accomplishment in their technologies will be announced as graduating either with distinction or high distinction.

Graduates who have a grade point average of 3.4 or above will graduate with distinction.

Graduates who have a grade point average of 3.8 or above will graduate with high distinction.

The level of distinction is based on the grade point average at the end of the semester preceding graduation. If the level of distinction changes after final grades are posted for the graduating semester, the student's academic record will be updated.

History and Tradition of the Mace

The ceremonial mace that is used in college and university commencement exercises was originally a weapon designed to protect kings that dates back to 12,000 B.C. Throughout history, the mace also has been a symbol of royalty and justice. Though maces traditionally were used as weapons, Scottish maces are musical instruments and have been and continue to be used as instruments of wartime music and military bands. The mace also is a symbol of academic authority. In commencement ceremonies, the mace is carried before the president and dignitaries who are seated at the platform where the graduates receive their diplomas.

The Construction and Symbolism of the Stark State College Mace

Stark State College's commencement mace is handcrafted from cherry wood, salvaged from a fallen tree on Stark State College's campus. The mace is 50 inches long and weighs 16 pounds. It was turned in March of 2006 by local craftsman Merle Weber. The Massillon Plaque Company fabricated the metal castings on the mace to the College's specifications.

The foundation for the head of the mace is constructed of Ohio flint, a crypto-crystalline quartz and the state's official gemstone. The mace is crowned on both the obverse and reverse sides, with the official logo of the College.

Four brass bands on the staff are engraved with the four names of the College and the dates associated with those names, capturing the College's history and development since its founding in 1960. Three cast-brass plates affixed to the large barrel section near the top of the mace symbolize the College's national and state affiliations. The first cast-brass plate depicts the United States flag. Symbolizing our state college status, the next casting displays the state motto and the final casting displays the Great Seal of the State of Ohio.

SENATOR VERNON SYKES

HONORING THE CLASS OF 2024 OF STARK STATE COLLEGE
ON THEIR GRADUATION

On behalf of the 28th Senate District of the State of Ohio, I am pleased to extend a special recognition and congratulations to the Class of 2024 on your graduation from Stark State College this May 19, 2024.

This laudable occasion is the culmination of years of dedication, rigor, and initiative. You have each spent countless hours studying and preparing to achieve this goal. Through hard work and perseverance, you have honed yourselves to be more adaptable, intellectual, and well-rounded individuals. You now join a spirited network of alumni who every day play crucial roles in building the future of our region. An achievement such as this is one that you, your families, and our whole community can be rightly proud.

There truly are few purposes more honorable than that of self-improvement through education. Whether to expand your scholarly horizons, to learn a skill to better provide for yourself and your loved ones, or any other motivation, you have faithfully committed yourselves to your personal growth and development. As the needs of communities continue to evolve, I am confident that you will be able to not just meet but exceed them. Our society is strengthened by individuals like yourselves, those who devote themselves to a higher purpose to make tangible, positive impacts on their lives and those of others. Such a feat is worthy of the highest praise.

Thus, it is with sincere pleasure that I commend the Class of 2024 of Stark State College on this momentous occasion and impress upon you the sincere gratitude of the 28th Senate District, which has and will continue to benefit from the determination and excellence you have demonstrated. Please accept my best wishes for your continued success.

Congratulations on a job well done.

What a truly awesome achievement! Congratulations Stark State College graduating class of 2024! Your dedication and hard work have really paid off and you have so much to celebrate. As you close out this important chapter of your incredible academic journey, I wanted to take a moment to share how proud and excited I am for each of you.

As you embark upon the next leg of life's journey, be confident that you are well able and prepared to accomplish even greater. Continue to pursue excellence in all that you undertake and know confidently that you can do whatever you put your mind to.

Embrace the challenges that lie ahead with courage and confidence, knowing that every obstacle is an opportunity for growth. Your hard work and dedication have brought you to this pivotal moment, and I have no doubt that you will continue to shine brightly in all your endeavors.

As you close this chapter and step into the vast possibilities of the future, carry with you the lessons learned, the friendships forged, and the dreams that ignite your spirit. Your journey is just beginning, and the world eagerly awaits the impact you will make.

If my office can be of assistance to you in the future, please do not hesitate to reach out to me.

Sincerely,

Veronica R. Sims

May 19th, 2024

Dear Stark State College graduate,

The completion of a higher-level degree is one of the single-largest investments you can make in your long-term career success. Graduation is the culmination of years of dedication and hard work, and you are to be commended for the intelligence, perseverance, and initiative that you have displayed in attaining this goal. Earning your degree is an achievement of which you, your family, and friends can be justly proud.

You have demonstrated a sincere determination to prepare yourself for a meaningful and rewarding role in our ever-changing and challenging society, and your efforts are truly deserving of the highest praise.

Thus, with great pleasure and satisfaction, I pay tribute to you on your graduation and extend best wishes for continued success in all your endeavors.

Respectfully,

Shammass Malik

Mayor Shammass Malik was sworn in as Akron's 63rd mayor on Jan. 1, 2024. He is Akron's youngest mayor and first mayor of color. His platform focuses on key initiatives that make up his Together for Akron plan: a unifying vision for the city's future, rooted in safe neighborhoods, good schools, affordable homes, equitable economic opportunity and environmental sustainability. Through all of these initiatives, Mayor Malik is dedicated to communication and transparency as pillars of his administration.

Growing up in northwest Akron, Mayor Malik learned about the importance of public service from his mom, Dr. Helen Qammar, who taught chemical engineering at The University of Akron. After participating in the International Baccalaureate program at Firestone High School, Mayor Malik received a scholarship to The Ohio State University. He then went on to graduate from Harvard Law School. Mayor Malik came home in 2016 and dedicated his career to public service, first as an assistant director of Law for the city, and then as the elected representative to City Council for Ward 8. In 2019, Mayor Malik successfully ran for Akron City Council in the neighborhood where he grew up. In September of 2022, he announced he was running for mayor.

Alumni Hall of Fame Inductee

Isaiah Kaiser, PhD

associate in mechanical engineering, 2016

Isaiah Kaiser has a passion for using technology to improve lives. He is the founder and CEO of Auxilium Health Inc., a company that's introducing the next generation of wound care technology. He also serves as the manager of primary structure materials and test engineering at LTA Research, where he leads a highly technical team developing airships for humanitarian aid. Isaiah is deeply involved in northeast Ohio's entrepreneurial landscape, advising groups within emerging startups, serving as an invited speaker and judge at local panels and competitions, and acting as past president for The University of Akron's Northeast Ohio Student Venture Fund chapter.

Isaiah earned an AS in mechanical engineering with high distinction from Stark State College in 2016. At The University of Akron, he earned a BSc in mechanical engineering (summa cum laude) in 2019 and a Ph.D. in mechanical engineering with a focus on advanced materials in 2023. Isaiah has published multiple research articles in top journals, is an active journal reviewer, and has been invited to speak at various conferences. He has received numerous awards, including the American Society for Composites Inaugural 4 Minute Doctoral Research Impact Competition Winner.

Phi Theta Kappa International Honor Society

Graduates wearing gold tassels and stoles are members of the Beta Gamma Epsilon Chapter of Phi Theta Kappa, an international honorary society for two-year colleges, based on academic achievement in degree-related courses. Members must have a cumulative 3.5 GPA or higher in at least 12 semester hours of degree-related courses and maintain a cumulative 3.2 GPA. Phi Theta Kappa has more than 1.2 million alumni worldwide and offers its members opportunities in scholarship, leadership, service and fellowship. Stark State's chapter began in 1996.

Honors Program

Graduates wearing a gold medallion on a blue ribbon are graduating with an Honors distinction. The Stark State College Honors Program emphasizes breadth and depth of the academic experience throughout student's program of study. The curriculum of the program is designed to satisfy general education requirements and/or major requirements while demonstrating a persistent emphasis on critical thinking, problem solving skills, inquiry, and analysis, with opportunities for independent projects. Honors graduates must maintain a cumulative GPA of 3.25 or higher.

Stark State's Honors Program was founded in 2016.

Psi Beta National Honor Society in Psychology

Graduates wearing a gold medallion on a blue and gold ribbon are members of the Psi Beta National Honor Society in Psychology for Community and Junior Colleges. The Society's mission is to support professional development of psychology students in two-year colleges through promotion and recognition of excellence in scholarship, leadership, research and community service.

Stark State's chapter was organized in 2014.

TriBeta National Biological Honor Society

Graduates wearing the red and green honor cords are members of the Sigma Sigma Gamma chapter of Beta Beta Beta (TriBeta). TriBeta is a national honor society dedicated to improving the understanding and appreciation of biological study and extending the boundaries of human knowledge through scientific research and scholarship. Members must maintain a cumulative GPA of 3.0, pass three biology classes with a B or better and participate regularly in chapter activities.

Stark State's chapter was first established in 2012.

Lambda Beta Society

The graduates wearing the blue and green honor cords are members of the Lambda Beta Society. It is the National Honor Society for the profession of Respiratory Care.

The Lambda Beta Society was formed to promote, recognize and honor scholarship, scholarly achievement, service, and character of students, graduates, and faculty members of the profession. The name of the society is based on the goals of the Respiratory Care profession: sustaining "life and breath" for all mankind. Lambda is the Greek letter "L", and beta is the Greek letter "B". To qualify, members must have completed 50% of their respiratory care courses, be of good character, and hold a GPA that ranks in the top 25% of the respiratory class.

Stark State's Chapter was initiated in 2024.
