<b>Notes</b>					
*For the Social Science Elective, taking SOC 121 is recommended since SOC 121 will fulfill the Integrative Core (IC) Social Science Foundation requirement at UMU.					
*It is very reasonable for CJS students to double-major or minor in SOC (double major can double count 3 courses and CRJ major/SOC minor can double count 2 courses).					
Students interested in the Forensics Studies concentration, it is recommended to take CHM 105 for the Natural Sciences elective.					
It is very important that the students become familiar with the writing guide used in the Mount Union Criminal Justice Program.					
* Natural Science w/lab elective must be at least 4 credits hours at Stark State to transfer as the Natural Science Foundation requirement at UMU.					
Students interested in the Forensic Studies concentration, it is recommended they take CHM 105 at SSC. However, it will not count as the Natural Science Foundation Requirement.					

**University of Mount Union Transfer Notes:**

Total number of hours needed to graduate is a minimum of 120.  
 Math Proficiency would be met with MTH 124 through SSC.  
 Students must complete a minimum of 48 hours at Mount Union, of which a minimum of 16 in the major and 8 in the minor are required.  
 Each student must contact the IC Director to develop a plan and schedule for the second-year Raider Foundation Portfolio (RFP).  
 A minor is required at Mount Union or students can look to double major and/or have multiple minors (please consult with your UMU advisor).  
 Students interested in a health profession are better served by taking certain electives, which should be discussed with an advisor.  
 Foreign language proficiency can be met with a proficiency exam OR by taking the 200-level course in SPN at Stark State. If students tested proficient or successfully passed these courses, no courses would be needed at Mount Union. If not, the student would need to take one or two foreign language courses.
