^Based on SSC placement score.

^^To promote student success, this course should be taken in the first semester.

▲ Because of strong emphasis on science in this major, applicants must have successfully completed Biology in high school. Students who did not complete the courses in high school, and those who prefer to refresh their knowledge of the material, should complete the listed pre-requisites.

Minimum grade of "C" in all technical and non-technical courses in the program curriculum is required. Application deadline is March 31 for Fall admission. All applications will be considered on a selective admission basis.

*This program requires an application (separate from the College).
Please see your advisor to discuss the application process.*
