

AKRON
Practical Nursing Program

Updated May 2025

Licensed practical nurses (LPNs) work in all medical areas such as hospitals, schools, nursing homes, health care clinics and home care. Upon completion of the program, graduates will receive a certificate of completion and will then be eligible to sit for the NCLEX PN exam to receive licensure.

Stark State College Practical Nursing offers day and evening/weekend programs. The Day Program allows a spring and fall semester start with classes, practice lab, and clinicals held Monday-Friday. There are 46 seats available with each new cohort. The Evening/Weekend Program allows a spring start with class and practice lab 1-2 evenings a week and clinical experiences on Saturdays. There are 30 seats available with each new cohort. All Practical Nursing (PN) classes and labs are held at the Akron Perkins campus. Clinical experiences are at healthcare facilities within a 75-mile radius.

The Practical Nursing website has been created to give you a broad overview about Licensed Practical Nurses; the PN program; and the requirements for admission. Please visit: www.starkstate.edu/lpn

Once you are ready to get started on your pathway to nursing, you will first need to follow the **6 EASY STEPS for new student enrollment**. Admission advisers at the Gateway Center would be glad to help you. You can set up an appointment to get started on the Admissions website: <https://www.starkstate.edu/admissions/>. Please let them know at that time that you are interested in pursuing a **Practical Nursing major**.

Initial Requirements for the PN program:

1. Proficiency requirements:
 - *IDS102 with B or better (or proficiency [Accuplacer Reading Score 246+])
 - *MTH022 with B or better (or proficiency [Accuplacer Math Score 250+])
 - *May also be determined by ACT scores or transcripts
2. Post-secondary GPA of 2.0 or greater. If no post-secondary GPA, a HS GPA of 2.0 or greater is required.
3. FBI/BCI Background check through Stark State Security **Valid for 1 year**
You must obtain a background check from Stark State Security. If applicable, contact the Program Coordinator for a list of offenses that may exclude a student from attending the program. The cost of the FBI/BCI background check is \$70. Appointments are required. Follow this link to schedule your background check: <https://www.starkstate.edu/about/security/background-check-information/>
4. TEAS Test – 58.7 percentile or higher **Valid for 3 years**
The test covers Math, Science, Reading, and English/Language. Study material is available for purchase at www.atitesting.com. The test can be taken more than once – the PN program does not limit the number of times the test is taken or the time frame between taking the test – although applicants are encouraged to utilize remediation resources before retesting. For study tools and how to register for TEAS see the following link: <https://www.starkstate.edu/nursing/teas/>
5. **SSC101 and BIO101 (or equivalent) with a C or better.** These courses may be completed during the 1st semester of the PN program. However, it is strongly recommended that they are taken prior to entering the PN program to ensure a successful foundation.

****Applicants must submit three (3) items (paper copies) to the Akron Gateway Center (Attn: PN Program Coordinator), to be considered for admission (emailed applications will not be accepted): completed PN application, background check email from SSC Security office, and TEAS test results. All items must be turned in together prior to the June 15th deadline for the Fall cohort or the December 1st deadline for the Spring cohort. The Admission Committee will review applications and notify applicants by their SSC email if they are accepted or declined for admission.**

PRACTICAL NURSING PROGRAM
